

# Charities Appeals Supplement

The Charities Appeals Supplement continues to help develop fundraising revenue streams for charities through legacies, corporate support and donation.

This section is written by charities detailing their appeals. It is easy to use with a categorised index below and an A–Z index at the end.

If your client is considering leaving a legacy to charity, please encourage them to browse through the appeals when making that important decision. Please mention the Charities Appeals Supplement when contacting a charity.

The team at the Charities Appeals Supplement would like to thank you for your continuing support; especially those who have left legacies to our featured charities over the last year.

## If you knew animals were being abused, could you rest in peace?

Sadly, throughout their lives, the last thing many animals experience is peace. Pepe the spider monkey, for example, was chained by his neck and imprisoned in a circus. They snapped off his canine teeth and kept him in isolation.

He was one of the lucky ones because he was rescued by Animal Defenders International (ADI). He can now live in peace with his own kind. ADI is a major international force in animal protection.

**Please help us to help other animals like Pepe to live in peace by making a bequest today to Animal Defenders International.**

**For a free guide to making a will to help stop animals being abused call us today on 020 7630 3340 or visit [www.ad-international.org](http://www.ad-international.org)**

**Animal Defenders International  
Millbank Tower, Millbank  
London, SW1P 4QP**

## If you believe in reincarnation there are some animals you wouldn't want to be

Imagine a life of imprisonment in a cramped cage and being the subject of constant experimentation; a lifetime of suffering followed by a painful death. That's the cruel and futile fate suffered by millions of laboratory animals in the name of research.

The National Anti-Vivisection Society (NAVS) is the world's premier and leading group, working for an end to the suffering of animals in laboratories.

Working within the law, we lobby Parliament, produce scientific reports, educational materials and videos; conduct undercover investigations and expose law breaking. We fund non-animal scientific and medical research.

Please help us to help laboratory animals by making a bequest today to the National Anti-Vivisection Society, Millbank Tower, Millbank, London SW1P 4QP

For a free guide to making a will to help laboratory animals call us today on 020 7630 3340 or visit [www.navs.org.uk](http://www.navs.org.uk)

**Nina** was born without a functioning immune system, but thanks to pioneering gene therapy treatment at GOSH, Nina is now a happy, healthy seven-year-old.

## Your dormant client accounts could help children like Nina at Great Ormond Street Hospital

**Rule s20.2 of the Solicitors' Account Rules allows firms to donate to charity from individual dormant accounts that hold balances of up to £500, without having to ask for approval from the Solicitors Regulation Authority.**

Thanks to this rule, accounts holding as little as 1p can help children at Great Ormond Street Hospital, by funding ground-breaking research, redevelopment, equipment, and support for families. These small donations make a big difference to what we can achieve for sick children at the hospital.

If you have donations that you would like to send to Great Ormond Street Hospital Children's Charity, please address them to:  
Legacy Department GOSHCC  
40 Bernard Street, London WC1N 1LE

If you would like to talk to us about setting up a bank transfer, please get in touch via email at [legacy@gosh.org](mailto:legacy@gosh.org) or find out more at [gosh.org/dormant-accounts](https://gosh.org/dormant-accounts).

CHARITY**

# Last year we helped over 80,000 wild birds and animals like Rudolph

*Please help me get better*

Specialising in hedgehogs, our caring teams save lives every single day of the year. Our aim is simple. To treat all injured British birds and animals, then return them to the wild. Like Rudolph, who was orphaned at Christmas time, just five days old. The road accident which killed his mother left him with three badly broken legs. Our specialist care saved this poor little deer from suffering and he is now facing a brighter future. But it is only with your support we can help casualties like Rudolph, so please remember Tiggywinkles in your Will.

Our late friend **Dame Thora Hird** was an ardent supporter of our work. She actively encouraged others to help us secure funding for our lifesaving work to continue. Your legacy will ensure help is always at hand for all British wildlife; in Dame Thora's own words, "All the little wild creatures and I thank you so very much".

For more information please contact:

## THE BENEVOLENT FUND FOR NURSES IN SCOTLAND

*THE FUND WHICH WAS STARTED IN 1925 IS STILL NEEDED TODAY*

The Fund for Nurses was established to give assistance to members of the profession who have trained or worked in professional posts in Scotland.

Financial grants are given to:

- Individuals of any age who are experiencing financial difficulties due to their inability to continue working.
- Retired members of the profession who receive little or no pension.

Sadly more and more nurses are finding it necessary to seek our help and through your generosity, we are able to offer additional support in the form of single grants to those less fortunate members of our profession.

The Fund is administered by a Committee of Trustees, most of whom are members of the nursing profession.

**Donations may be sent to the Secretary at the Registered Office**

**Tel: 07584 322257**

**Registered Office: 24A Ainslie Place, Edinburgh EH3 6AJ**

## THE REMEMBRANCE TRUST

This new charity has been set up to restore and maintain the graves of British and Commonwealth soldiers and sailors who died before 1914. The Commonwealth War Graves Commission cares for graves after this date, but before 1914 no one organization has responsibility, and many of the graves are in a state of serious disrepair.

We have already completed pilot projects on Chapwani Island, Zanzibar, on graves of those who died fighting against the Sultan who refused to abolish slavery, and in the

Bayonne Cemetery, France on graves from the Peninsular War. We need to raise funds to create a database of sites worldwide and continue working on similar projects.

The charity's long-term aim is not only to restore graves and memorials, but provide educational and training opportunities. We will create teams of architectural students, youth organisations, military and civilian volunteers to work on the sites, and by doing so will gain a better understanding of our shared global history and preserve our mutual heritage for generations to come.

For more information, or to donate, please visit our website, [www.theremembrancetrust.com](http://www.theremembrancetrust.com) or email [remembrancetrust@gmail.com](mailto:remembrancetrust@gmail.com)

The Remembrance Trust is a UK registered Charity No. 1177492.

### The Park House Animal Sanctuary

Supported by The Lord Whisky Sanctuary Fund  
 (registered charity 283483)

Park House, Stelling Minnis, Canterbury, Kent CT4 6AN  
 Tel: 01303 862622 Fax: 01303 863007  
 Email: [lord.whisky@btinternet.com](mailto:lord.whisky@btinternet.com)

Founder Margaret Todd's work with animals began at a very early age when she looked after a German Shepherd called Trixie. When Trixie went back to her owner, she decided she wanted to be Margaret's best friend and escaped so many times, her owner decided to give her up. After this Margaret took many homeless animals into her parents home, nursing them back to health before finding new homes for them. In the 1970's Margaret, together with husband Ron, son Alex and daughter Tina, opened a sanctuary in Kent and became a registered charity in 1981. Since then the sanctuary's work has increased enormously, taking in all kinds of domestic and wild animals. In 1993 Margaret was awarded the MBE for her contribution to animal welfare and in 1994, a veterinary clinic for people on low income was opened, a cause very dear to Margaret's heart. Without these clinics many animals would simply go untreated. We receive no government funding and without your legacies and donations our work could not continue. Please support our work helping animals in need.

Leaving a Legacy

# International Law Book Facility (ILBF)

Access to legal texts and research resources has an incredibly positive impact on the training of lawyers and judges, administration of justice, revision and updating of laws, and access to justice for whole communities. The International Law Book Facility is working to help extend that access and develop the rule of law worldwide.

## What is the International Law Book Facility (ILBF)?

The ILBF is a small UK-based charity with the mission to support the rule of law and access to justice through the sharing of legal knowledge.

- The ILBF provides good quality second hand legal textbooks to not-for-profit organisations around the globe
- Since 2005, the ILBF has sent more than 60,000 books to over 190 organisations in 51 countries in Africa, Asia, South America, the Caribbean, the Pacific and Europe
- Organisations who have received books include: judiciaries, law commissions, bar associations, law societies, universities, prisons and pro bono organisations
- The charity is run by eight trustees, including members of the judiciary, barristers' chambers, and law firms
- The ILBF works with a number of organisations, including the British Council, The Law Society of England and Wales, International Bar Association and legal publishers

*'The establishment of the rule of law is most obvious in underpinning individual liberty and democratic government, but the development of successful modern economies cannot take place without it. No judiciary can accomplish this task without the help of lawyers that have access to good libraries and good libraries themselves.'*

The Rt. Hon. The Lord Thomas of Cwmgiedd, ILBF patron and founder, formerly Lord Chief Justice of England and Wales

## Which legal texts does the ILBF accept and distribute?

The ILBF receives support and donations from across the UK legal community, including law firms, lawyers, students, libraries, publishers, universities, courts and chambers. Legal texts we accept include:

- Textbooks: practitioner and student texts, on all legal practice areas, including civil and criminal procedure
- Encyclopaedias: Halsbury's Laws, Atkins Court Forms, EF&P and The Digest
- Law reports: official law reports, All ER, WLR and specialist series

## What is the impact of the ILBF's work?

*'The PNG legal system is common law based and the library users will find these books very useful in enhancing their knowledge of the common law.'*

Chief Justice Sir Salamo Injia  
of Papua New Guinea

*'The ILBF's additions to our library, will strengthen our ability to conduct rigorous legal research to inform and enrich the human rights litigation we support.'*

Kaajal Ramjathan-Keogh  
Executive Director, Southern Africa Litigation Centre

## How can you help the ILBF?

With the generous support of the legal community, the ILBF recycles good quality legal texts, giving them a new lease of life in jurisdictions around the world. There are several ways you can help:

- Funding: if you can help us with much needed funding for shipments, please contact us
- Books: if you have good quality and relevant legal texts to donate, please contact us
- Recipients: you can encourage organisations in need of legal texts to apply for books
- Practical support: if you can assist with volunteering, shipping or distribution, please contact us with details

More information for donors and recipients is available on our website and on social media platforms.

Contact us: [www.ilbf.org.uk/contact-us-2](http://www.ilbf.org.uk/contact-us-2)

# Helping others with High Blood Pressure

## Have you thought of Blood Pressure UK in your Will?

Finding out that you have high blood pressure is traumatic, particularly if you are young. Most people don't know anything about the condition and worry about how it will affect themselves and those around them.

But Blood Pressure UK is here to help, and with our information

packs, range of leaflets and our helpline, we provide reassurance and support to sufferers and their families. But all of this work is expensive and while membership subscriptions and general donations help enormously, leaving a gift in your Will can help us make a bigger difference.

It isn't complicated as you think, doesn't have to be a large amount and will give you the reassurance that our work helping fellow sufferers will continue once you have gone.

Obviously, providing for your family and friends comes first, but once that is done please consider a gift to Blood Pressure UK in your Will.

**Blood Pressure UK**

Helping you to lower your blood pressure

We have put together a simple leaflet to guide you through the process and you can get a copy by telephoning: (020) 7882 6255, visiting the website: [www.bloodpressureuk.org](http://www.bloodpressureuk.org), or by writing to: Blood Pressure UK, Wolfson Institute, Charterhouse Square, London, EC1M 6BQ.

## Bournemouth Symphony Orchestra Benevolent Fund

### Over 60 years of caring for the needs of BSO musicians

The fund is a charity and run by musicians for musicians with some extra help from BSO supporters. It gives financial assistance to players who are ill or no longer receive sick pay from the BSO, funds medical bills and alleviates financial hardship. Like so many charities we are dependent upon public donations and during the last 10 years it has been difficult to match donations with calls on the fund. BSO players always host an annual concert, giving freely of their time to raise money for their colleagues. The fund relies on voluntary donations as well as the self funded concerts. It is administered by volunteers, there are no employees and our overheads our minimal so every pound given can help a sick or injured player.

WHY LEGACIES MATTER

---

THE DONKEY  
SANCTUARY

# HELP US BE THERE FOR DONKEYS. ALWAYS.

Gifts in wills fund over two-thirds of our lifesaving work, helping us to care for sick and unwanted donkeys and protect them from lives of suffering.

Please help protect and care for abused and neglected donkeys around the world by remembering us in your will.

To receive a copy of our Legacy guide or to speak directly to our Legacy team, please contact **01395 578222** or email **[marie.wilson@thedonkeysanctuary.org.uk](mailto:marie.wilson@thedonkeysanctuary.org.uk)**

## THE BARRISTERS' BENEVOLENT ASSOCIATION

The Barristers' Benevolent Association exists to support, help and comfort those members of the Bar in England and Wales and their families and dependants who are in need, in distress or in difficulties.

During the recent past we have helped barristers and their families in every circuit, often saving not only dignity but careers.

We are not nearly as well-known in the profession as we would like, and there are possibly people who qualify for our help but aren't aware of our existence... we also feel that there are other people who would be willing to contribute to the welfare of their less fortunate colleagues but who are also unaware of us.

Contact Nicky Young: [nicky@the-bba.com](mailto:nicky@the-bba.com) for further details or visit our website at [www.the-bba.com](http://www.the-bba.com)

The legacy of Amersham.

Will you remember the survivors?

In 2008, Redwings gave a home to over 60 survivors of the horrors of Spindle Farm, one of our largest rescues. Ten years later, 58 are still living at the Sanctuary – just like little donkey Esther.

A gift in your Will can help us care for survivors like these for decades to come.

Please remember Redwings

Call 01508 481030 or email [legacies@redwings.co.uk](mailto:legacies@redwings.co.uk)

## Don't leave it to chance... leave it to LAST CHANCE

As animals can't speak for themselves it falls to me to ask you to consider leaving a legacy to Last Chance Animal Rescue. Any money that we may receive will be spent entirely on the running and improvement at the Centre, which is dedicated to the rescuing, rehabilitation and re-homing of dogs and cats etc.

Many of the number we receive have found their way to our door through circumstances such as their beloved owner passing away, may that door always be open. Many are elderly, in their twilight years, and would just love to find a caring retirement home, something we have great success and pleasure in finding for them, and we continue to care for them, young and old, long after they are settled in their new loving homes, by offering all kinds of support, including financial if needed, for their continued welfare and well being.

As you can imagine, this level of commitment doesn't come cheaply, which is why I am appealing to you to remember Last Chance if possible, when you make your will. They do say... where there's a Will there's a way!

## You can make a lasting difference for millions of animals

### Caring beyond the farm gate

Around the world, millions of animals are killed for human consumption every day. However well cared for on the farm, animals are extremely vulnerable once they leave – during transport, at markets and up to the point of slaughter in abattoirs. The potential for suffering is immense.

The HSA is unique – the only UK charity totally dedicated to the humane treatment of all food animals in markets, during transport, at slaughter. You can help us make a difference for millions of animals with your support.

For more information about the HSA's work and achievements contact:

## Help us to prevent animal suffering

### Science in the service of animal welfare

A great many animals suffer needlessly due to our lack of knowledge and understanding of their needs and how best to meet them. UFAW is unique, promoting research and education, developing practical solutions to welfare problems and providing advice to those caring for animals and to legislators.

You can make a difference. Thanks to the generosity and support of those who share our concern for the welfare of animals, we've already achieved much. By leaving a legacy to UFAW in your Will, you'll be helping us to continue our vital work on behalf of all animals. Thank you.

### Animals and birds

Animal Defenders International is a major international force in animal protection, working on such issues as the use of animals in entertainment, the worldwide traffic in endangered species and alternatives to the use of animals in research. Recent campaign successes include the introduction of a ban on the use of wild animals in Peru and Colombia.

Animal Defenders International also rescue animals in distress and, following the ban in Peru, worked with the authorities to seize and relocate over 100 animals in the biggest operation of its kind.

Help safeguard animals from cruelty by making a bequest to Animal Defenders International.

Thank you.

- ▶ Individuals of any age, who are experiencing financial difficulties due to their inability to continue working.
  - ▶ Retired members of the profession who receive little or no pension.
- Sadly more and more nurses are finding it necessary to seek our help and through your generosity, we are able to offer additional support in the form of single grants to those less fortunate members of our profession.

The Fund is administered by a Committee of Trustees, most of whom are members of the nursing profession.

Donations may be sent to the Secretary at the Registered Office.

### Medical research and welfare

Blood Pressure UK is the UK's leading charity dedicated to lowering the nation's blood pressure to prevent disability and death from stroke and heart disease. Since October 2000 we have been making a real difference to the 16 million people affected by high blood pressure in the UK. We work to ensure that high blood pressure is at the top of everyone's health agenda: within the Government, among health professionals, in the media and for every adult in the UK. Our vision is that everyone will know their blood pressure numbers, in the same way that they know their height or weight, and take steps to keep them healthy both now and in the future. High blood pressure can be treated and prevented.

Blood Pressure UK relies on donations and legacies. Your invaluable support will help to ensure they continue its important work and make a vital difference to the lives of those at risk from the effects of high blood.

### Cultural and environmental / Social services and welfare / Trades and professions

Over 200 years of caring for the needs of artists and their dependants

The ABF are proud to have served the artists' community for over 200 years and now we have launched a new grant scheme to support working artists at key moments in their careers.

The ABF believes that many talented artists face great difficulties in sustaining and developing their careers. Our grant scheme is designed to support artists who can demonstrate how an award can assist them in consolidating and continuing their career as a professional artist.

The scheme will make it possible for artists to seize creative opportunities and develop their work for the future.

Please help us to continue to our work with the existing beneficiaries and to make funds available to other artists in times of need.

W: [www.bsobenevolentfund.co.uk](http://www.bsobenevolentfund.co.uk)

Registered charity no: 1163778

### Cultural and environmental / Social services and welfare / Trades and professions

We make grants to musicians and staff who are employees of the Bournemouth Symphony Orchestra and other individuals who have made a significant long-term contribution to the orchestra. The grants are to relieve hardship caused by sickness accident or infirmity. Funds are raised from the net proceeds of an annual concert and donations from supporters.

During the years we have helped players who are on long-term sick leave or with a contribution towards private medical treatment. More recently there has been a sharp increase in the assistance we give players for private medical treatment, including major operations on joints. This is normally required as a result of repair to a repetitive strain injury incurred whilst playing. This is also a reflection on the lengthening waiting lists for NHS treatment. If there is a delay in treatment, members are unable to work, sometimes for many months which can cause hardship for their families.

We have recently marked our 60th year as a benevolent fund but in current financial times it is becoming increasingly difficult to match our aspirations with a reduced income. But we are boosting our fund-raising efforts to ensure that we can be here for the next 60 years!

## Cancer Prevention Research Trust

231 Roehampton Lane  
London  
SW15 4LB  
T: 020 8785 7786  
F: 020 8785 6466  
E: cprrt45@yahoo.co.uk  
W: www.cancerpreventionresearch.co.uk  
Registered charity no: 265985

### Medical research and welfare

The Cancer Prevention Research Trust's dream is to create a better world without cancer and to promote a healthier lifestyle for all. Since its inception in 1973, the Cancer Prevention Research Trust has supported pioneering research into the prevention of this serious disease.

There is nothing more important to us or to future generations than a world without cancer, so including us in your Will is a very effective way to be part of our continuing work and will help us pursue our dream.

## Foundation for Liver Research

The Institute of Hepatology  
111 Coldharbour Lane  
London  
SE5 9NT  
T: 020 7255 9830  
F: 020 7380 0405  
W: www.liver-research.org.uk  
Registered charity no: 1134579

### Medical research and welfare

The Foundation for Liver Research funds innovative research programmes to address the challenges of liver disease. Research is carried out in a purpose-built research Institute with four floors of specialist laboratories.

*A legacy in your Will can help to ensure the long-term research work of the Foundation*

## Friends of the Animals

17a Riverway  
Newport  
Isle of Wight  
PO30 5UX  
T: 01983 522 511  
Registered charity no: 1000249

### Animals and birds / Education

Your wish to help animals will be assured by including a gift in your will to "Friends of the Animals". The primary objective of the Charity is to help animals NOW we do not 'sit on funds'. Concentrating on 'preventative' work such as spays, neuters, inoculations, boosters and free engraved discs; we never destroy a healthy animal and keep admin costs to a minimum.

We have:-

- ▶ Re-homed 9,000+ animals.
- ▶ Spayed/neutered 38,500 animals.
- ▶ Built stables for donkeys and ex-pit ponies.
- ▶ Currently funding 465 rescued farm animals.
- ▶ Distributed over 1,641,000 items of pet food.
- ▶ Supplied almost 20,000 engraved, identity discs FOC.
- ▶ Given numerous educational talks on animal welfare.
- ▶ Wormed and inoculated thousands of animals – many for the first time in their lives!

- ▶ Stepped in to ensure food, safety and new homes for 97 Urban Farm animals, when their owner went out of business.

The majority of animals that come into our care arrive in a poor state. Our reward is seeing those same animals go to their new homes a few weeks later: well fed, groomed, wormed, inoculated and neutered.

VETERINARY TREATMENT is – and always has been – BY FAR OUR BIGGEST OUTGOING.

You have many choices of Charities to support but no one appreciates it more – or tries harder than we do – to get the very best possible from every penny donated.

Your help today will ensure a happier tomorrow for countless animals. I send my grateful thanks.

*Helen Sinclair MBE (Founder)*

## Kidney Wales

2 Radnor Court (CCUK)  
256 Cowbridge Road East  
Cardiff  
CF5 1GZ

RCN: 700396

### Medical research and welfare

**Kidney Wales supporting families, changing lives and leading the way in the fight against kidney disease.**

Kidney Wales invests in renal research, patient care and well-being, and actively works with and on behalf of kidney patients and their families across Wales.

With your support Kidney Wales has:

- ▶ Refurbished and modernised the Children's Kidney Centre at the University Hospital of Wales
- ▶ Provided vital life saving equipment to Renal Units in Wales
- ▶ Supported Key Posts in Dialysis Centres and the Children's Kidney Centre
- ▶ Established a New Renal Research Fund
- ▶ Provided Dialysis Centres and Transplant Units with multimedia installations
- ▶ Launched a patient information, support and learning website peoplelikeuscymru.org

Please think of us in your legacy and help us make tomorrow a better and brighter day for the many families that need your support.

Registered charity no: 1002349

### Animals and birds

*Don't leave it to chance . . . leave it to LAST CHANCE*

As animals can't speak for themselves it falls to me to ask you to consider leaving a legacy to Last Chance Animal Rescue.

Any money that we may receive will be spent entirely on the running and improvement of the Centre which is dedicated to the rescuing, rehabilitating and rehoming of dogs and cats etc.

Many of the number we receive have found their way to our door through circumstances such as their beloved owner passing away. May that door always be open.

Many are elderly, in their twilight years, and would just love to find a caring retirement home: something we have great success and pleasure in finding for them, and we continue to care for them, young and old, long after they are settled in their new loving homes by offering all kinds of support, including financial if needed, for their continued welfare and well being. As you can imagine this level of commitment doesn't come cheaply, which is why I am appealing to you to remember Last Chance if possible, when you make your Will.

If you would like us to take care of your pets in your absence please remember to include instructions to this effect and if possible inform us of your wishes.

I hope you will consider us a worthy charity. It would be wonderful to think that with your help, Last Chance could always be there to pick up the pieces in times of need. They do say where there's a Will there's a way!

## Lord Whisky Sanctuary Fund

Park House  
Stelling Minnis  
Near Canterbury  
Kent  
CT4 6AN

T: 01303 862622  
F: 01303 863007  
E: lord.whisky@btinternet.com

### Animals and birds

The Lord Whisky Sanctuary Fund is a lifeline for animals of all kinds.

We provide sanctuary to animals who become homeless or who have been injured or abused and vital veterinary care to those on low incomes. We also provide cattery/kennel facilities for your pets whilst you are away from home.

Lord Whisky was named after a Jack Russell who came to live at the Sanctuary when he was four years old, having had six previous homes. He lived with the founder, Margaret Todd, and her family until he had to be put down at the age of 22. Because of his personality it was decided to name the charity after him.

Since then there have been hundreds of 'Lord Whisky's' plus cats, rabbits, horses and donkeys, many of whom go on to loving homes. Others who, like Lord Whisky, have special needs remain at the Sanctuary for the rest of their lives, enjoying the lovely Kent countryside.

The charity receives no government funding and relies entirely on donations and legacies to continue its contribution to helping animals and owners.

The aims are adhered to without exception and the interest of each individual animal is our primary concern. Expediency is never a consideration and each animal is welcome to stay in our care for as long as it takes for that special home to come. We make no apology for looking for the right homes for each animal and not animals for people. This does, of course, work to the advantage of the new owner.

No animal accepted is ever destroyed.

## National Anti-Vivisection Society

Millbank Tower  
Millbank  
London  
SW1P 4QP  
T: 020 7630 3340  
F: 020 7828 2179  
E: info@navs.org.uk  
W: www.navs.org.uk

### Animals and birds / Medical research and welfare

The National Anti-Vivisection Society (NAVS) is the world's longest established group working to end the suffering of animals in laboratories. Every year millions of animals suffer and die in cruel and futile experiments and the NAVS actively campaigns for animal experiments to be replaced with sophisticated, non-animal methods.

Working within the law, we lobby government, produce scientific reports, educational materials and videos for parliament and the public; we conduct undercover investigations and expose lawbreaking; we fund nonanimal scientific and medical research. The NAVS advocates the total prohibition of all animal experiments and, pending the achievement of this aim, we would support measures which provide steps towards the abolition of vivisection.

We can do more but as a non-profit organisation we can only do so with your help. Please consider remembering the NAVS in your Will. Thank you.

## The Remembrance Trust

THE REMEMBRANCE TRUST

55 Tufton Street  
London  
SW1P 3QL  
T: 020 7340 6029

Registered Charity No: 1177492

### Cultural and environmental

*Honouring The Past to Improve our Future*

The Trust was set up to find and restore graves and monuments pre-1914 of British and Commonwealth soldiers who are buried worldwide which have been forgotten and are slowly disintegrating. The Trust aims to create a database of these sites and then to restore them, using groups of volunteers from the UK and local communities to raise awareness of shared history and heritage. If you chose to donate to us you will be helping to preserve the legacy of Britain and the Commonwealth.

Registered Charity in England and Wales (263710)  
and in Scotland (SC002327)

### Social services and welfare

Britain is in a housing crisis. Times are tough, rents are rising, and many families are struggling to keep a roof over their heads, let alone get on the property ladder. For others, redundancy or illness can make people fall behind on the rent or mortgage. And every day, millions of people wake up in housing that's run down, overcrowded or dangerous.

At Shelter, we hear from people suffering from health problems and mental health issues, such as depression and stress, and families whose children are missing out on their education or are being bullied – all as a result of bad housing or homelessness.

That’s why we provide free, confidential advice and support via our website, helplines, and face to face local services. We help people to find and keep a home in a place where they can thrive, and we tackle the root causes of bad housing by campaigning for new laws, policies and solutions.

**Shelter believes everyone should have a home**

To continue this work, we rely heavily on the gifts that supporters leave us in their wills. That’s why remembering Shelter in your will is one of the most important ways that you can help.

For your guide to including Shelter in your will, please call Katie Small directly on 0344 515 1746 or email [legacies@shelter.org.uk](mailto:legacies@shelter.org.uk).

W: [www.tiggywinkles.com](http://www.tiggywinkles.com)

President: The Countess of Buckinghamshire

Registered charity no: 286447

**Animals and birds / Conservation / Education**

Specialising in hedgehogs, Tiggywinkles, The Wildlife Hospital Trust, has been working for over 35 years rescuing, treating and

rehabilitating sick, injured and orphaned British wildlife. We have proved beyond doubt that most wild animal and bird casualties can be saved and released back to the wild.

The wealth of expertise and knowledge in the care of a wide range of species, much of it previously unrecorded, can now be passed on to others. Our commitment to practical education plays a vital part in the future conservation of wildlife and as an accredited centre opportunities are now available for 16+ years’ to gain a City and Guilds qualification in animal care.

Les Stocker, Founder of Tiggywinkles, sadly passed away in 2016. Throughout his life he was awarded the title of ‘Laureate’ in the International 1990 Rolex Awards for Enterprise for his work in wildlife conservation and establishing Europe’s first Wildlife Teaching Hospital. This was the first environmental Laureate to be awarded to a project based in Britain. He was also awarded an MBE by her Majesty The Queen and, more recently, the prestigious Honorary Associateship of the Royal College of Veterinary Surgeons. Les will be truly missed by all in the world of British wildlife care, though his legacy and passion lives on through the amazing Tiggywinkles team, who continue to care for over 10,000 wild patients each year.

Dependency on public compassion underpins the work of a committed team of veterinary staff and volunteers dedicated to providing the best care and medical expertise for their patients. We need your help to expand our work enabling us to save more of Britain’s deer, badgers, hedgehogs, owls; in fact all British wild creatures. For this work to grow and thrive it is your legacy that will help forge a secure path for wild animals and birds for many years to come. Please think about ensuring their security.

We are happy to commemorate all who generously remember the Wildlife Hospital Trust in their wills by inscribing their name on a plaque in our Remembrance Garden. Your gifts are also welcome in the form of a donation or by becoming a friend of Tiggywinkles.

PLEASE, HELP US HELP THEM.
