

Charities Appeals Supplement

The Charities Appeals Supplement continues to help develop fundraising revenue streams for charities through legacies, corporate support and donation.

This section is written by charities detailing their appeals. It is easy to use with a categorised index below and an A–Z index at the end.

If your client is considering leaving a legacy to charity, please encourage them to browse through the appeals when making that important decision. Please mention the Charities Appeals Supplement when contacting a charity.

The team at the Charities Appeals Supplement would like to thank you for your continuing support; especially those who have left legacies to our featured charities over the last year.

SWAN LIFELINE

Swan Lifeline is the oldest registered charity devoted entirely to the care of sick and injured swans in the Thames Valley and surrounding area. Our work is possible only through generous donations and support from the public, our sponsors, trustees and volunteers. So far, we have rescued and treated more than 30,000 swans.

The legacy of Amersham.

Will you remember the survivors?

In 2008, Redwings gave a home to over 60 survivors of the horrors of Spindle Farm, one of our largest rescues. Ten years later, 56 are still living at the Sanctuary – just like little donkey Esther.

A gift in your Will can help us care for survivors like these for decades to come.

The Breast Cancer Research Trust

President –
Dame Vera Lynn DBE, LLD, Mmus

The treatment and management of breast cancer has been revolutionised in the last 41 years since I became President of the Breast Cancer Research Trust. The death rate has fallen by 30% in the UK and many patients now experience a personal cure. This in the main has been due to unremitting and time consuming research not only into new drugs and ways of diagnosing, assessing and treating patients but into the basic causes of breast cancer itself.

It gives me great pleasure to state that to date, we have raised over five million pounds, which has enabled us to support forty major research centres throughout the United Kingdom. The Breast Cancer Research Trust is a charity dedicated to funding clinically based laboratory project research, undertaken in recognised cancer centres or research institutions in the UK, directly aimed at improving the prevention, early diagnosis and treatment of breast cancer. 100% of all donations go towards this vital research as the Trust is run on a purely voluntary basis.

By helping us, you are giving aid and hope to all women who develop this particular cancer.

Founder Margaret Todd's work with animals began at a very early age when she looked after a German Shepherd called Trixie. When Trixie went back to her owner, she decided she wanted to be Margaret's best friend and escaped so many times, her owner decided to give her up. After this Margaret took many homeless animals into her parents home, nursing them back to health before finding new homes for them. In the 1970's Margaret, together with husband Ron, son Alex and daughter Tina, opened a sanctuary in Kent and became a registered charity in 1981. Since then the sanctuary's work has increased enormously, taking in all kinds of domestic and wild animals. In 1993 Margaret was awarded the MBE for her contribution to animal welfare and in 1994, a veterinary clinic for people on low income was opened, a cause very dear to Margaret's heart. Without these clinics many animals would simply go untreated. We receive no government funding and without your legacies and donations our work could not continue. Please support our work helping animals in need.

If you knew animals were being abused, could you rest in peace?

Sadly, throughout their lives, the last thing many animals experience is peace. Pepe the spider monkey, for example, was chained by his neck and imprisoned in a circus. They snapped off his canine teeth and kept him in isolation.

He was one of the lucky ones because he was rescued by Animal Defenders International (ADI). He can now live in peace with his own kind. ADI is a major international force in animal protection.

Please help us to help other animals like Pepe to live in peace by making a bequest today to Animal Defenders International.

Missing People founders Mary and Janet have left a legacy which has provided a lifeline to thousands in the UK.

Join them and be a lifeline for a lifetime.

Twenty three years ago, our Founders Mary and Janet saw first-hand the real need for specialist support for families of missing people; and since then we have become experts in the field. Missing People is the only charity of its kind in the UK.

You can help make a real and long-lasting difference to the lives of missing people and those left behind by making a special pledge to Missing People.

For those who go missing, we offer a lifeline by phone, text or email 24/7 to help them find safety. For their families there is a pain that won't end until their loved one is found. We never give up on either of them.

Legacy gifts ensure that we will be able to provide this kind of support for years to come. Gifts both large and small make all the difference to the work of Missing People and will help us continue our Founders' work; and be a lifeline when someone disappears, long into the future.

If you believe in reincarnation there are some animals you wouldn't want to be

Imagine a life of imprisonment in a cramped cage and being the subject of constant experimentation; a lifetime of suffering followed by a painful death. That's the cruel and futile fate suffered by millions of laboratory animals in the name of research.

The National Anti-Vivisection Society (NAVS) is the world's premier and leading group, working for an end to the suffering of animals in laboratories.

Working within the law, we lobby Parliament, produce scientific reports, educational materials and videos; conduct undercover investigations and expose law breaking. We fund non-animal scientific and medical research.

THE BENEVOLENT FUND FOR NURSES IN SCOTLAND

THE FUND WHICH WAS STARTED IN 1925 IS STILL NEEDED TODAY

The Fund for Nurses was established to give assistance to members of the profession who have trained or worked in professional posts in Scotland.

Financial grants are given to:

- Individuals of any age who are experiencing financial difficulties due to their inability to continue working.
- Retired members of the profession who receive little or no pension.

Sadly more and more nurses are finding it necessary to seek our help and through your generosity, we are able to offer additional support in the form of single grants to those less fortunate members of our profession.

The Fund is administered by a Committee of Trustees, most of whom are members of the nursing profession.

Last year we helped over 80,000 wild birds and animals like Rudolph

Please help me get better

Specialising in hedgehogs, our caring teams save lives every single day of the year. Our aim is simple. To treat all injured British birds and animals, then return them to the wild. Like Rudolph, who was orphaned at Christmas time, just five days old. The road accident which killed his mother left him with three badly broken legs. Our specialist care saved this poor little deer from suffering and he is now facing a brighter future. But it is only with your support we can help casualties like Rudolph, so please remember Tiggywinkles in your Will.

Our late friend **Dame Thora Hird** was an ardent supporter of our work. She actively encouraged others to help us secure funding for our lifesaving work to continue. Your legacy will ensure help is always at hand for all British wildlife; in Dame Thora's own words, *"All the little wild creatures and I thank you so very much"*.

Protecting London's wildlife for the future

Wildlife in the UK is declining at an alarming rate. But leaving a gift to London Wildlife Trust in your Will is a great way to make a lasting contribution to your local wildlife. These gifts, no matter how small, help us protect nature and wildlife across the capital, so that local species can thrive for generations to come.

Anyone can leave a gift to London Wildlife Trust when making a Will. It's one of the easiest and most valuable ways you can support our important work, ensuring that we can:

- Protect the wonderfully rich and diverse nature that is found across London
- Encourage local wildlife to thrive in even the most unlikely places
- Inspire children and adults to experience the joy and wellbeing that comes from connecting with nature – even in the heart of London.

Helping others with High Blood Pressure

Have you thought of Blood Pressure UK in your Will?

Finding out that you have high blood pressure is traumatic, particularly if you are young. Most people don't know anything about the condition and worry about how it will affect themselves and those around them.

But Blood Pressure UK is here to help, and with our information

packs, range of leaflets and our helpline, we provide reassurance and support to sufferers and their families. But all of this work is expensive and while membership subscriptions and general donations help enormously, leaving a gift in your Will can help us make a bigger difference.

It isn't complicated as you think, doesn't have to be a large amount and will give you the reassurance that our work helping fellow sufferers will continue once you have gone.

Obviously, providing for your family and friends comes first, but once that is done please consider a gift to Blood Pressure UK in your Will.

Animals and birds

ABOUT OUR WORK:

The Donkey Sanctuary is a registered charity and the largest of its kind in the world. We provide specialist care and refuge to donkeys in the UK, Ireland and Europe. We also work all across the world in Egypt, Ethiopia, India, Kenya and Mexico to improve donkey welfare through community education and veterinary work.

We aim to protect donkeys and mules and promote their welfare worldwide through the provision of expert advice, training and education. Welfare officers in the UK and Ireland provide advice and practical support to donkey owners and follow up reports of neglect or maltreatment. The Sanctuary's veterinary team shares their knowledge with practitioners around the world.

Remember the donkeys in your Will and we'll remember you by inscribing your name on one of our permanent bequest boards in The Donkey Sanctuary's grounds. To find out about our memorial schemes and how your bequest would help donkeys around the world, please contact the Legacy Department.

Thank you.

Animals and birds / Education

Your wish to help animals will be assured by including a gift in your will to "Friends of the Animals".

The primary objective of the Charity is to help animals NOW, we do not 'sit on funds'. Concentrating on 'preventative' work such as spays, neuters, inoculations, boosters and free engraved discs; we never destroy a healthy animal and keep admin costs to a minimum.

We have:-

- ▶ Opened four branches.
- ▶ Re-homed 8,900+ animals.
- ▶ Built stables for donkeys and ex-pit ponies.
- ▶ Distributed over 1,608,000 items of pet food.
- ▶ Supplied almost 20,000 engraved, identity discs FOC.
- ▶ Given numerous educational talks on animal welfare.
- ▶ Wormed and inoculated thousands of animals – many for the first time in their lives!
- ▶ Stepped in to ensure food, safety and new homes for 97 Urban Farm animals, when their owner went out of business.
- ▶ Spayed/neutered 35,900 animals – which has prevented thousands of unwanted animals from being born into a largely uncaring world.

Currently funding 440 rescued farm animals.

The majority of animals that come into our care arrive in a poor state. Our reward is seeing those same animals go to their new home a few weeks later: well fed, groomed, wormed, inoculated and neutered.

VETERINARY TREATMENT is – and always has been – BY FAR OUR BIGGEST OUTGOING. You have many choices of Charities to support but no one appreciates it more – or tries harder than we do – to get the very best possible from every penny donated. Your help today will ensure a happier tomorrow for countless animals. I send my grateful thanks.

We provide a free telephone listening service and information leaflets to enable people with diabetes to have an informed choice of treatment and to help with the day to day difficulties of living with diabetes.

Around three quarters of a million people in the UK have insulin requiring diabetes and the incidence of diabetes in children is increasing. It is essential that we support research to help this very vulnerable group faced with a lifetime of diabetes. Your support will

enable us to further develop our programme to help children and provide information for teachers about the needs of children with diabetes.

Diabetes can cause blindness, kidney failure, nerve damage and heart attack that severely affect the lives of all those living with diabetes. A cure for diabetes is still illusive so the Trust supports research that will help to improve the daily lives of people living with diabetes now. The studies we support involve people with diabetes under normal treatment conditions to ensure that it reflects 'real life' conditions. We also collate information from the experiences of people with diabetes to help to inform others.

We collect unused, in-date insulin to send to clinics in developing countries where people die for lack of affordable insulin.

Medical research and welfare

Kidney Wales supporting families, changing lives and leading the way in the fight against kidney disease.

Kidney Wales invests in renal research, patient care and well-being, and actively works with and on behalf of kidney patients and their families across Wales.

With your support Kidney Wales has:

- ▶ Refurbished and modernised the Children's Kidney Centre at the University Hospital of Wales
- ▶ Provided vital life saving equipment to Renal Units in Wales
- ▶ Supported Key Posts in Dialysis Centres and the Children's Kidney Centre
- ▶ Established a New Renal Research Fund
- ▶ Provided Dialysis Centres and Transplant Units with multimedia installations
- ▶ Launched a patient information, support and learning website peoplelikeuscymru.org

Please think of us in your legacy and help us make tomorrow a better and brighter day for the many families that need your support.

Animals and birds

Don't leave it to chance . . . leave it to LAST CHANCE

As animals can't speak for themselves it falls to me to ask you to consider leaving a legacy to Last Chance Animal Rescue.

Any money that we may receive will be spent entirely on the running and improvement of the Centre which is dedicated to the rescuing, rehabilitating and rehoming of dogs and cats etc.

Many of the number we receive have found their way to our door through circumstances such as their beloved owner passing away. May that door always be open.

Many are elderly, in their twilight years, and would just love to find a caring retirement home: something we have great success and pleasure in finding for them, and we continue to care for them, young and old, long after they are settled in their new loving homes by offering all kinds of support, including financial if needed, for their continued welfare and well being. As you can imagine this level of commitment doesn't come cheaply, which is why I am appealing to you to remember Last Chance if possible, when you make your Will.

If you would like us to take care of your pets in your absence please remember to include instructions to this effect and if possible inform us of your wishes.

I hope you will consider us a worthy charity. It would be wonderful to think that with your help, Last Chance could always be there to pick up the pieces in times of need. They do say where there's a Will there's a way!

Animals and birds

The Lord Whisky Sanctuary Fund is a lifeline for animals of all kinds.

We provide sanctuary to animals who become homeless or who have been injured or abused and vital veterinary care to those on low incomes. We also provide cattery/kennel facilities for your pets whilst you are away from home.

Lord Whisky was named after a Jack Russell who came to live at the Sanctuary when he was four years old, having had six previous homes. He lived with the founder, Margaret Todd, and her family until he had to be put down at the age of 22. Because of his personality it was decided to name the charity after him.

Since then there have been hundreds of 'Lord Whiskys' plus cats, rabbits, horses and donkeys, many of whom go on to loving homes. Others who, like Lord Whisky, have special needs remain at the Sanctuary for the rest of their lives, enjoying the lovely Kent countryside.

The charity receives no government funding and relies entirely on donations and legacies to continue its contribution to helping animals and owners.

The aims are adhered to without exception and the interest of each individual animal is our primary concern. Expediency is never a consideration and each animal is welcome to stay in our care for as long as it takes for that special home to come. We make no apology for looking for the right homes for each animal and not animals for people. This does, of course, work to the advantage of the new owner

No animal accepted is ever destroyed.

And there's more... Nowzad is the only official animal shelter in the whole of Afghanistan, and last year we opened up the first ever Donkey Sanctuary there.

Nowzad receives no government or large-scale funding. All our work is funded by the generous public, who are passionate about making a difference for the animals of Afghanistan, with no voice but ours.

Social services and welfare

Twenty three years ago, our Founders Mary and Janet saw firsthand the real need for specialist support for families of missing people; and since then we have become experts in the field. Missing People is the only charity of its kind in the UK. Every year, 250,000 people go missing in the UK. Of these, more than 130,000 are children and young people. You can help make a real and long-lasting difference to the lives of missing people and those left behind by making a special pledge to Missing People. For those who go missing, we offer a lifeline by phone, text or email 24/7 to help them find safety. For their families there is a pain that won't end until their loved one is found. We never give up on either of them. Legacy gifts ensure that we will be able to provide this kind of support for years to come. For a free copy of the charity's Will Booklet, please contact the Legacy team on 020 8392 4590 or email legacy@missingpeople.org.uk. Thank you for taking the time to read about our work.

Animals and birds / Medical research and welfare

The National Anti-Vivisection Society (NAVS) is the world's longest established group working to end the suffering of animals in laboratories. Every year millions of animals suffer and die in cruel and futile experiments and the NAVS actively campaigns for animal experiments to be replaced with sophisticated, non-animal methods.

Working within the law, we lobby government, produce scientific reports, educational materials and videos for parliament and the public; we conduct undercover investigations and expose lawbreaking; we fund nonanimal scientific and medical research. The NAVS advocates the total prohibition of all animal experiments and, pending the achievement of this aim, we would support measures which provide steps towards the abolition of vivisection.

We can do more but as a non-profit organisation we can only do so with your help. Please consider remembering the NAVS in your Will. Thank you.

Animals and birds

Redwings believes that every horse, pony, donkey and mule has the right to a happy and healthy life, free of fear and neglect.

The 100% publicly funded charity rescues neglected and abandoned horses from all over the country, giving them a safe place to live for the rest of their days, and is currently home to over 1,500 – making Redwings the UK's largest horse sanctuary.

As well as providing a place of sanctuary to rescued horses, Redwings has five visitor centres in England and Scotland that enable supporters to see how their kind donations really can make a difference to horses and donkeys in need.

Redwings' Aylsham Visitor Centre in North Norfolk was funded by the gifts people had left in their Wills and has been vital in enabling the charity to continue to provide homes for the increasing number of abandoned horses in desperate need of love and care.

Gifts in Wills make up the largest proportion of Redwings' income and the charity simply wouldn't be able to exist without them. Remembering Redwings Horse Sanctuary in your Will is a wonderful way to support the charity's work and leave a lasting legacy that will help them to help horses and donkeys for generations to come. Whether your gift is large or small, every donation makes a real difference to the future of Redwings' residents.

Religious / Education

The Royal School of Church Music (RSCM) is an ecumenical Christian charity committed to promoting the study, practice and improvement of music in Christian worship.

We support clergy, musicians and lay people to achieve a deeper understanding of how music can enhance worship, and we provide education and training for all who contribute to music in worship to serve their churches and worshipping communities well. As a leading publisher of church music, the RSCM is able to sustain, develop and make available the broad repertoire that makes up church music today. Further, the RSCM supports a world-wide membership of churches, schools and individuals, and is itself sustained by thousands of donors and volunteers worldwide.

Any one of us can make a lasting and significant contribution to the Royal School of Church Music. Our legacy donors come from all walks of life but are united by a desire to make a difference to church music far beyond their own lifetimes. The bequests that they make, big or small, support the churches, musicians, and congregations that they leave behind.

Social services and welfare

Britain is in a housing crisis. Times are tough, rents are rising, and many families are struggling to keep a roof over their heads, let alone get on the property ladder. For others, redundancy or illness can make people fall behind on the rent or mortgage. And every day, millions of people wake up in housing that's run down, overcrowded or dangerous.

At Shelter, we hear from people suffering from health problems and mental health issues, such as depression and stress, and families whose children are missing out on their education or are being bullied – all as a result of bad housing or homelessness.

That's why we provide free, confidential advice and support via our website, helplines, and face to face local services. We help people to find and keep a home in a place where they can thrive, and we tackle the root causes of bad housing by campaigning for new laws, policies and solutions.

Shelter believes everyone should have a home

To continue this work, we rely heavily on the gifts that supporters leave us in their wills. That's why remembering Shelter in your will is one of the most important ways that you can help.

For your guide to including Shelter in your will, please call Lucy Limb directly on 0344 515 2062 or email lucy_limb@shelter.org.uk. Visit www.shelter.org.uk/legacy for more information.

If necessary after rescue, swans are admitted to the purpose built Headquarters in Eton, Berkshire.

Specialist veterinary treatment is given as required with follow up care provided by trained staff. The majority of the work is carried out by volunteers under supervision of the centre co-ordinator. Swans are released back to the wild as soon as possible after recovery, with a small number of permanently disabled birds being released to sheltered private lakes. Registered as a Charity for over 32 years, many thousands of swans have been rescued and treated.

Conservation / Cultural and environmental

Since 1972, the Woodland Trust has been saving threatened ancient woods and creating new areas of native woodland throughout the UK. We care for over 1,000 woods and have planted millions of native trees – more than any other UK conservation organisation.

With tree disease, climate change and development threats, protecting the future of our precious woodland is more urgent than ever.

Gifts kindly left in wills provide more than a quarter of our total funding and have enabled us to:

- ▶ plant hundreds of thousands of trees for the future
- ▶ protect hundreds of acres of precious ancient woodland
- ▶ inspire new generations to enjoy and nurture woods and wildlife

Choosing to remember the Woodland Trust in this special way will leave a lasting living legacy. Your gift could help save our richest habitat, supporting vulnerable wildlife and fighting global climate change. It could enable future generations to create their own magical childhood memories, to relax and connect with nature.

After you have taken care of family and friends, please consider remembering the Woodland Trust in your will – and help ensure that the woods and trees you care about survive.
