

Charities Appeals Supplement

The Charities Appeals Supplement continues to help develop fundraising revenue streams for charities through legacies, corporate support and donation.

This section is written by charities detailing their appeals. It is easy to use with a categorised index below and an A-Z index at the end.

If your client is considering leaving a legacy to charity, please encourage them to browse through the appeals when making that important decision. Please mention the Charities Appeals Supplement when contacting a charity.

The team at the Charities Appeals Supplement would like to thank you for your continuing support; especially those who have left legacies to our featured charities over the last year.

If you knew animals were being abused, could you rest in peace?

Sadly, throughout their lives, the last thing many animals experience is peace. Pepe the spider monkey, for example, was chained by his neck and imprisoned in a circus. They snapped off his canine teeth and kept him in isolation.

He was one of the lucky ones because he was rescued by Animal Defenders International (ADI). He can now live in peace with his own kind. ADI is a major international force in animal protection.

Please help us to help other animals like Pepe to live in peace by making a bequest today to Animal Defenders International.

For a free guide to making a will to help stop animals being abused call us today on 020 7630 3340 or visit www.ad-international.org

Help Finance An Evolution

Will you leave a lasting legacy of compassion and help scientific advancement? The Lord Dowding Fund finances scientific and medical research without the use of animals. We believe that cruel animal techniques have no place in 21st century science.

We have supported major advances in many fields including neuroscience, cancer research, and safety testing – we developed a humane British Standard Test for the toxicity of dental fillings. Your legacy could help save the lives of animals and advance scientific research.

Help finance an evolution in medical science and leave a lasting legacy, with a bequest today to the:

**Lord Dowding Fund,
Millbank Tower, Millbank, London SW1P 4QP**

Shelter

Last year we helped over 80,000 wild birds and animals like Rudolph

Please help me get better

Specialising in hedgehogs, our caring teams save lives every single day of the year. Our aim is simple. To treat all injured British birds and animals, then return them to the wild. Like Rudolph, who was orphaned at Christmas time, just five days old. The road accident which killed his mother left him with three badly broken legs. Our specialist care saved this poor little deer from suffering and he is now facing a brighter future. But it is only with your support we can help casualties like Rudolph, so please remember Tiggywinkles in your Will.

Our late friend **Dame Thora Hird** was an ardent supporter of our work. She actively encouraged others to help us secure funding for our lifesaving work to continue. Your legacy will ensure help is always at hand for all British wildlife; in Dame Thora's own words, *"All the little wild creatures and I thank you so very much"*.

Founder Margaret Todd's work with animals began at a very early age when she looked after a German Shepherd called Trixie. When Trixie went back to her owner, she decided she wanted to be Margaret's best friend and escaped so many times, her owner decided to give her up. After this Margaret took many homeless animals into her parents home, nursing them back to health before finding new homes for them. In the 1970's Margaret, together with husband Ron, son Alex and daughter Tina, opened a sanctuary in Kent and became a registered charity in 1981. Since then the sanctuary's work has increased enormously, taking in all kinds of domestic and wild animals. In 1993 Margaret was awarded the MBE for her contribution to animal welfare and in 1994, a veterinary clinic for people on low income was opened, a cause very dear to Margaret's heart. Without these clinics many animals would simply go untreated. We receive no government funding and without your legacies and donations our work could not continue. Please support our work helping animals in need.

Helping others with High Blood Pressure

Have you thought of Blood Pressure UK in your Will?

Finding out that you have high blood pressure is traumatic, particularly if you are young. Most people don't know anything about the condition and worry about how it will affect themselves and those around them.

But Blood Pressure UK is here to help, and with our information

packs, range of leaflets and our helpline, we provide reassurance and support to sufferers and their families. But all of this work is expensive and while membership subscriptions and general donations help enormously, leaving a gift in your Will can help us make a bigger difference.

It isn't complicated as you think, doesn't have to be a large amount and will give you the reassurance that our work helping fellow sufferers will continue once you have gone.

Obviously, providing for your family and friends comes first, but once that is done please consider a gift to Blood Pressure UK in your Will.

We have put together a simple leaflet to guide you through the process and you can get a copy by telephoning: (020) 7882 6255, visiting the website: www.bloodpressureuk.org, or by writing to: Blood Pressure UK, Wolfson Institute, Charterhouse Square, London, EC1M 6BQ.

THE BENEVOLENT FUND FOR NURSES IN SCOTLAND

THE FUND WHICH WAS STARTED IN 1925 IS STILL NEEDED TODAY

The Fund for Nurses was established to give assistance to members of the profession who have trained or worked in professional posts in Scotland.

Financial grants are given to:

- Individuals of any age who are experiencing financial difficulties due to their inability to continue working.
- Retired members of the profession who receive little or no pension.

Sadly more and more nurses are finding it necessary to seek our help and through your generosity, we are able to offer additional support in the form of single grants to those less fortunate members of our profession.

The Fund is administered by a Committee of Trustees, most of whom are members of the nursing profession.

Donations may be sent to the Secretary at the Registered Office

**Tel: 07584 322257
www.bfns.org.uk**

*Registered Scottish Charity No: SC006384. A company limited by guarantee registered in Scotland No: SC357442
Registered Office: 24A Ainslie Place, Edinburgh EH3 6AJ*

The legacy of Amersham.

Will you remember the survivors?

In 2008, Redwings gave a home to over 60 survivors of the horrors of Spindle Farm, one of our largest rescues. Ten years later, 58 are still living at the Sanctuary – just like little donkey Esther.

A gift in your Will can help us care for survivors like these for decades to come.

Please remember Redwings

Call 01508 481030 or email legacies@redwings.co.uk

Registered charity no 212808

Surgeons save and improve the quality of people's lives every day, and for more than 200 years, we have safeguarded standards of clinical practice, making patient care and wellbeing the heart and drive of all we do.

Our work is not limited to specific illnesses or areas of disease but supports better care for all ages, from minor day surgery and removal of cancer, to life saving emergency trauma care.

Making a will is a significant personal responsibility and just as a will brings security to those closest to you, a legacy to the RCS plays a crucial role in supporting the improvement of surgical care for patients.

Please contact us for more information or for an informal chat about how your donation or legacy could help.

MAKE SURGERY YOUR LEGACY

Nina was born without a functioning immune system, but thanks to pioneering gene therapy treatment at GOSH, Nina is now a happy, healthy seven-year-old.

Your dormant client accounts could help children like Nina at Great Ormond Street Hospital

Rule s20.2 of the Solicitors' Account Rules allows firms to donate to charity from individual dormant accounts that hold balances of up to £500, without having to ask for approval from the Solicitors Regulation Authority.

Thanks to this rule, accounts holding as little as 1p can help children at Great Ormond Street Hospital, by funding ground-breaking research, redevelopment, equipment, and support for families. These small donations make a big difference to what we can achieve for sick children at the hospital.

If you have donations that you would like to send to Great Ormond Street Hospital Children's Charity, please address them to:
Legacy Department GOSHCC
40 Bernard Street, London WC1N 1LE

If you would like to talk to us about setting up a bank transfer, please get in touch via email at legacy@gosh.org or find out more at gosh.org/dormant-accounts.

Animals and birds

Animal Defenders International is a major international force in animal protection, working on such issues as the use of animals in entertainment, the worldwide traffic in endangered species and alternatives to the use of animals in research. Recent campaign successes include the introduction of a ban on the use of wild animals in Peru and Colombia.

Animal Defenders International also rescue animals in distress and, following the ban in Peru, worked with the authorities to seize and relocate over 100 animals in the biggest operation of its kind.

Help safeguard animals from cruelty by making a bequest to Animal Defenders International.

Thank you.

- ▶ Individuals of any age, who are experiencing financial difficulties due to their inability to continue working.

Medical research and welfare

Blood Pressure UK is the UK's leading charity dedicated to lowering the nation's blood pressure to prevent disability and death from stroke and heart disease. Since October 2000 we have been making a real difference to the 16 million people affected by high blood pressure in the UK. We work to ensure that high blood pressure is at the top of everyone's health agenda: within the Government, among health professionals, in the media and for every adult in the UK. Our vision is that everyone will know their blood pressure numbers, in the same way that they know their height or weight, and take steps to keep them healthy both now and in the future. High blood pressure can be treated and prevented.

Blood Pressure UK relies on donations and legacies. Your invaluable support will help to ensure they continue its important work and make a vital difference to the lives of those at risk from the effects of high blood.

Over 200 years of caring for the needs of artists and their dependants

The ABF are proud to have served the artists' community for over 200 years and now we have launched a new grant scheme to support working artists at key moments in their careers.

The ABF believes that many talented artists face great difficulties in sustaining and developing their careers. Our grant scheme is designed to support artists who can demonstrate how an award can assist them in consolidating and continuing their career as a professional artist.

The scheme will make it possible for artists to seize creative opportunities and develop their work for the future.

Please help us to continue to our work with the existing beneficiaries and to make funds available to other artists in times of need.

Benevolent Fund for Nurses in Scotland

Friends of the Animals

17a Riverway
Newport
Isle of Wight
PO30 5UX
T: 01983 522 511
Registered charity no: 1000249
Animals and birds / Education

Your wish to help animals will be assured by including a gift in your will to "Friends of the Animals". The primary objective of the Charity is to help animals NOW we do not 'sit on funds'. Concentrating on 'preventative' work such as spays, neuters, inoculations, boosters and free engraved discs; we never destroy a healthy animal and keep admin costs to a minimum.

We have:-

- ▶ Re-homed 9,000+ animals.
- ▶ Spayed/neutered 38,500 animals.
- ▶ Built stables for donkeys and ex-pit ponies.
- ▶ Currently funding 465 rescued farm animals.
- ▶ Distributed over 1,641,000 items of pet food.
- ▶ Supplied almost 20,000 engraved, identity discs FOC.
- ▶ Given numerous educational talks on animal welfare.
- ▶ Wormed and inoculated thousands of animals – many for the first time in their lives!
- ▶ Stepped in to ensure food, safety and new homes for 97 Urban Farm animals, when their owner went out of business.

The majority of animals that come into our care arrive in a poor state. Our reward is seeing those same animals go to their new homes a few weeks later: well fed, groomed, wormed, inoculated and neutered.

VETERINARY TREATMENT is – and always has been – BY FAR OUR BIGGEST OUTGOING.

You have many choices of Charities to support but no one appreciates it more – or tries harder than we do – to get the very best possible from every penny donated.

Your help today will ensure a happier tomorrow for countless animals. I send my grateful thanks.

Medical research and welfare

Gifts in Wills, large or small, are a wonderful way to support a cause such as Great Ormond Street Hospital Children's Charity. As well as leaving assets and possessions to loved ones, some people choose to leave a legacy donation to help the seriously ill children at Great Ormond Street Hospital (GOSH).

Gifts in Wills help to fund pioneering research, advanced medical equipment, child and family support services, and the rebuilding and refurbishment of wards and facilities. Today's legacies will help the children who will need us in the future.

GOSH has always depended on charitable support ever since the first generous legacy gift in 1855, and today more than ever the hospital relies on the generosity of the public.

Independent Diabetes Trust

PO Box 294

T: 01604 622837

F: 01604 622838

E: enquiries@iddtinternational.org

W: www.iddtinternational.org

Registered charity no: 1058284

Medical research and welfare

The Trust was set up in 1994 by people with diabetes for people with diabetes. We offer support and understanding to those with diabetes and their families. We provide a free telephone listening service and information leaflets to enable people with diabetes to have an informed choice of treatment and to help with the day to day difficulties of living with diabetes.

Around three quarters of a million people in the UK have insulin requiring diabetes and the incidence of diabetes in children is increasing. It is essential that we support research to help this very vulnerable group faced with a lifetime of diabetes. Your support will enable us to further develop our programme to help children and provide information for teachers about the needs of children with diabetes.

Diabetes can cause blindness, kidney failure, nerve damage and heart attack that severely affect the lives of all those living with diabetes. A cure for diabetes is still illusive so the Trust supports research that will help to improve the daily lives of people living with

diabetes now. The studies we support involve people with diabetes under normal treatment conditions to ensure that it reflects 'real life' conditions. We also collate information from the experiences of people with diabetes to help to inform others.

We collect unused, in-date insulin to send to clinics in developing countries where people die for lack of affordable insulin.

Please help us to continue our work, making cheques payable to 'Diabetes Trust Research and Care Fund'.

E: info@ldf.org.uk

W: www.ldf.org.uk

Animals and birds / Medical research and welfare

The Lord Dowding Fund supports better methods of scientific and medical research which replace the use of animals.

Since being founded in 1973, the Lord Dowding Fund has awarded grants to researchers working in a wide range of fields including breast and lung cancer, microsurgery, Parkinson's disease, cataracts, toxicity testing of dental fillings, cot deaths, product safety testing, kidney research, schizophrenia, biotechnology, hepatitis B, pain, infertility, tissue engineering and vascular disease.

It is a myth that animals are indispensable to research. We can have solid, scientific medical research without making animals suffer for progress. The Lord Dowding Fund can save animals and help people, but only with your generous support.

Thank you.

Lord Whisky Sanctuary Fund

Park House

T: 01303 862622
F: 01303 863007
E: lord.whisky@btinternet.com

Animals and birds

The Lord Whisky Sanctuary Fund is a lifeline for kinds.

We provide sanctuary to animals who become homeless or who have been injured or abused and vital veterinary care to those on low incomes. We also provide cattery/kennel facilities for your pets whilst you are away from home.

Lord Whisky was named after a Jack Russell who came to live at the Sanctuary when he was four years old, having had six previous homes. He lived with the founder, Margaret Todd, and her family until he had to be put down at the age of 22. Because of his personality it was decided to name the charity after him.

Since then there have been hundreds of 'Lord Whisky's' plus cats, rabbits, horses and donkeys, many of whom go on to loving homes. Others who, like Lord Whisky, have special needs remain at the Sanctuary for the rest of their lives, enjoying the lovely Kent countryside.

The charity receives no government funding and relies entirely on donations and legacies to continue its contribution to helping animals and owners.

The aims are adhered to without exception and the interest of each individual animal is our primary concern. Expediency is never a consideration and each animal is welcome to stay in our care for as long as it takes for that special home to come. We make no apology for looking for the right homes for each animal and not animals for people. This does, of course, work to the advantage of the new owner.

No animal accepted is ever destroyed.

Shelter

Registered Charity in England and Wales (263710)
and in Scotland (SC002327)

Social services and welfare

Britain is in a housing crisis. Times are tough, rents are rising, and many families are struggling to keep a roof over their heads, let alone get on the property ladder. For others, redundancy or illness can make people fall behind on the rent or mortgage. And every day, millions of people wake up in housing that's run down, overcrowded or dangerous.

At Shelter, we hear from people suffering from health problems and mental health issues, such as depression and stress, and families whose children are missing out on their education or are being bullied – all as a result of bad housing or homelessness.

That's why we provide free, confidential advice and support via our website, helplines, and face to face local services. We help people to find and keep a home in a place where they can thrive, and we tackle the root causes of bad housing by campaigning for new laws, policies and solutions.

Shelter believes everyone should have a home

To continue this work, we rely heavily on the gifts that supporters leave us in their wills. That's why remembering Shelter in your will is one of the most important ways that you can help.

For your guide to including Shelter in your will, please call Katie Small directly on 0344 515 1734 or email legacies@shelter.org.uk. Visit www.shelter.org.uk/legacy for more information.

W: www.tiggywinkles.com

President: The Countess of Buckinghamshire

Registered charity no: 286447

Animals and birds / Conservation / Education

Specialising in hedgehogs, Tiggywinkles, The Wildlife Hospital Trust, has been working for over 35 years rescuing, treating and rehabilitating sick, injured and orphaned British wildlife. We have proved beyond doubt that most wild animal and bird casualties can be saved and released back to the wild.

The wealth of expertise and knowledge in the care of a wide range of species, much of it previously unrecorded, can now be passed on to others. Our commitment to practical education plays a vital part in the future conservation of wildlife and as an accredited centre opportunities are now available for 16+ years' to gain a City and Guilds qualification in animal care.

Les Stocker, Founder of Tiggywinkles, sadly passed away in 2016. Throughout his life he was awarded the title of 'Laureate' in the International 1990 Rolex Awards for Enterprise for his work in wildlife conservation and establishing Europe's first Wildlife Teaching Hospital. This was the first environmental Laureate to be awarded to a project based in Britain. He was also awarded an MBE by her Majesty The Queen and, more recently, the prestigious Honorary Associateship of the Royal College of Veterinary Surgeons. Les will be truly missed by all in the world of British wildlife care, though his legacy and passion lives on through the amazing Tiggywinkles team, who continue to care for over 10,000 wild patients each year.

Dependency on public compassion underpins the work of a committed team of veterinary staff and volunteers dedicated to providing the best care and medical expertise for their patients. We need your help to expand our work enabling us to save more of Britain's deer, badgers, hedgehogs, owls; in fact all British wild creatures. For this work to grow and thrive it is your legacy that will help forge a secure path for wild animals and birds for many years to come. Please think about ensuring their security.

We are happy to commemorate all who generously remember the Wildlife Hospital Trust in their wills by inscribing their name on a plaque in our Remembrance Garden. Your gifts are also welcome in the form of a donation or by becoming a friend of Tiggywinkles.

PLEASE, HELP US HELP THEM.

Registered charity no: England & Wales 294344;

Scotland SC038885

Conservation / Cultural and environmental

Since 1972, the Woodland Trust has been saving threatened ancient woods and creating new areas of native woodland throughout the UK. We care for over 1,000 woods and have planted millions of native trees – more than any other UK conservation organisation.

With tree disease, climate change and development threats,

protecting the future of our precious woodland is more urgent than ever.

Gifts kindly left in wills provide more than a quarter of our total funding and have enabled us to:

- ▶ plant hundreds of thousands of trees for the future
- ▶ protect hundreds of acres of precious ancient woodland
- ▶ inspire new generations to enjoy and nurture woods and wildlife

Choosing to remember the Woodland Trust in this special way will leave a lasting living legacy. Your gift could help save our richest habitat, supporting vulnerable wildlife and fighting global climate change. It could enable future generations to create their own magical childhood memories, to relax and connect with nature.

After you have taken care of family and friends, please consider remembering the Woodland Trust in your will – and help ensure that the woods and trees you care about survive.

Find out more at legacies.org.uk or call 0330 333 3300.
