

# Charities Appeals Supplement

The Charities Appeals Supplement continues to help develop fundraising revenue streams for charities through legacies, corporate support and donation. This section is written by charities detailing their appeals. It is easy to use with a categorised index below and an A–Z index at the end.

If your client is considering leaving a legacy to charity, please encourage them to browse through the appeals when making that important decision. Please mention the Charities Appeals Supplement when contacting a charity.

The team at the Charities Appeals Supplement would like to thank you for your continuing support; especially those who have left legacies to our featured charities over the last year.

## THE BENEVOLENT FUND FOR NURSES IN SCOTLAND

*THE FUND WHICH  
WAS STARTED IN 1925  
IS STILL NEEDED TODAY*

The Fund for Nurses was established to give assistance to members of the profession who have trained or worked in professional posts in Scotland.

Financial grants are given to:

- Individuals of any age who are experiencing financial difficulties due to their inability to continue working.
- Retired members of the profession who receive little or no pension.

Sadly more and more nurses are finding it necessary to seek our help and through your generosity, we are able to offer additional support in the form of single grants to those less fortunate members of our profession.

The Fund is administered by a Committee of Trustees, most of whom are members of the nursing profession.

# Have you thought of including Blood Pressure UK in your Will?

## A lasting way to help others with high blood pressure

Finding out that you have high blood pressure can be traumatic, particularly if you are young. Most people don't know anything about the condition and worry about how it will affect them and those around them.

**Blood Pressure UK**

Helping you to lower your blood pressure

Blood Pressure UK is here to help. With our information packs, range of leaflets and our helpline, we provide reassurance and support to those who need it. All of this work is expensive, and while membership subscriptions and donations help enormously, leaving a gift in your Will can help us make a bigger difference.

Leaving a gift isn't as complicated as you might think. It doesn't have to be a large amount, and it will give you the assurance that our work will continue long into the future.

Obviously, providing for your family and friends comes first, but once that is done please consider leaving a gift to Blood Pressure UK in your Will.

**We have put together a simple leaflet to guide you through the process. You can get a copy by telephoning (020) 7882 6255, visiting our website at [www.bloodpressureuk.org](http://www.bloodpressureuk.org) or by writing to Blood Pressure UK, Wolfson Institute, Charterhouse Square, London, EC1M 6BQ.**

# Animal Defenders International

- Investigations
- Education and awareness
- Securing animal protection laws
- Assisting law enforcement
- Rescuing animals
- Providing sanctuary

ADI works worldwide to protect animals and the environment, offering practical solutions, such as advanced techniques to replace animals in research; support for governments enforcing animal protection laws; working for legislation. When countries ban animal circuses ADI will rescue and rehome every circus animal including bears, monkeys, tigers and lions like Leo, rescued from a circus in Peru. Today, Leo lives at the ADI Wildlife Sanctuary, South Africa, home to lions, tigers and other animals.

## Education AND sanctuary.

Help change the world for animals like Leo with a bequest to Animal Defenders International.

**BRIEFED**  
Honesty Box

# Charity begins at Briefed

## Our 'Honesty Box' Initiative helps charities reduce their data risk

Briefed is on a philanthropic mission to help charities and the third sector in the UK/Ireland protect themselves and their data – at a budget they can actually afford.

Unfortunately, social purpose organisations are at high risk of data breaches, regulatory sanctions, reputational damage and even prohibitive fines. Although they recognise the need for data protection training, many often lack the resources and budget to upskill their teams to the required standard.

Through our 'Honesty Box Initiative' we provide top-quality training for staff at different levels in order to reduce the risk of data breaches and subsequent consequences. Importantly, it is provided at a price that charities can reasonably afford.

Speaking about 'Honesty Box', Orlagh Kelly comments:

*"We wanted to do something with purpose, to give back to those in the third sector by offering up our expertise and skills to further enhance their business offering. We came up with the idea of the 'Honesty Box'.*

*It's our way of delivering high level training to enterprises who can use it to protect themselves GDPR-wise and demonstrate their compliance should a data breach occur."*

## How the 'Honesty Box' works

The initiative empowers charities and social enterprises to understand and manage legal risks and responsibilities while maximising competitive advantage. Moreover, all training is designed and led by Briefed's team of experienced barristers.

1. The Charity identifies how many people need to be trained and to what standard
2. The Charity decides how much they can afford to pay for training and makes an offer to Briefed
3. Briefed accepts all reasonable offers and ensures staff are trained to the correct standard.

4. Support is delivered as part of a 3-year framework (or as little as one year).

One of the first social enterprise companies to benefit is the **'NOW Group'**, which helps people with barriers to employment and learning into the workforce. (<https://getbriefed.com/honesty-box/>)

Maeve Monaghan, Chief Executive, explains:

*"As a social enterprise, we want to be doing everything to the best of our ability, which includes access to the best training for our employees. The reality is, this often exceeds our budget. However, Briefed's 'Honesty Box' makes this possible.*

*Like many businesses, we operate online. So, it's imperative that our staff are educated and trained to stay up to date on any legislative changes, remain GDPR compliant, and through being certified, have access to Briefed's support clinic should they need advice."*

Briefed is keen to reach as many charities as possible. That's why we're calling on barristers and chambers to put forward suggestions for charities they're affiliated to and who may benefit. They will also have the opportunity to sponsor the training of a charity/social enterprise that is particularly close to their heart.

Orlagh concludes:

*"We also want to thank all our existing clients for their ongoing support. They make our 'Honesty Box' Initiative achievable. We can only support charities because you continue to trust Briefed with your compliance training needs."*

Please email Orlagh at [hello@getbriefed.com](mailto:hello@getbriefed.com) with your suggestions.

# Last year we helped over 80,000 wild hedgehogs, birds and animals like Rudolph

Not only do we treat more hedgehogs than any other wildlife hospital, but our caring team saves lives every single day. Our aim is simple: to treat all injured British wild birds and animals, then return them to the wild. Like Rudolph, who arrived badly injured at just five days old. The road accident that killed his mother left him with three badly broken legs. Our specialist care saved this poor little deer from suffering and he is now facing a brighter future. But it is only with your support that we can help casualties like Rudolph, so please remember Tiggywinkles when making your Will.

Our dear late friend Dame Thora Hird was an ardent supporter of our work. She actively encouraged others to help us secure funding for our lifesaving work to continue. Your legacy will ensure helps is always at hand for all British wildlife; in Dame Thora's own words,

"All the little wild creatures and I thank you so very much".

# FRIENDS

of the

# Animals

Truly a picture to lift the heart!

At 'Friends of the Animals' we have lots of success stories and I thought you would like to read about a recent one – and see this FABULOUS photo. It is one which should make everyone who intervened when this lovely Collie was attacked, 'incredibly proud'.

Ju-Ju, an 11 month old Collie bitch, was brought over to the I.O.W. by a holidaymaker from London. Shoppers were shocked to see him beating her in the street. The level of violence he directed at the dog, caused several people to intervene and one man was so enraged, he physically stopped the owner from hurting 'Ju-Ju'. The Police were called and both men were arrested, but the hero bystander was quickly released without charge.

When this lovely dog came into 'Friends of the Animals' care, she was in a pitiful condition.

She was very lame and couldn't put one of her front paws to the ground. A pin in her leg had moved and was poking through the skin. We discovered, that she'd undergone surgery six months previously. The owner had not taken her back to the Vet, which meant she was still wearing a six month old, filthy bandage. No wonder the wound was badly infected. Poor Ju-Ju also had a paw so badly crushed the bones have fused together, she had also been stabbed. We couldn't help wondering how a puppy, who would have been little more than 5 month old at the time, had sustained such terrible injuries!

Ju-Ju was signed over to us and was taken to the Vet, where she was x-rayed and the infected wound was cleaned and dressed. She was then safely settled into a foster home with a fabulous garden.

A few days later, we took her back to the Vet and she had the pin (which was poking through her leg) removed and, a few weeks later, we had her spayed. When we were told an amputation was still a distinct possibility, we all prayed her leg could be saved.

Ju-Ju's injuries have left her with permanent damage, which will cause problems for her as she ages, but she is no longer in pain and she loves her daily exercise.

.....'I think I'm going to like it here' !

I'm delighted to say, there is a very happy ending as her Foster family fell in love with her. They couldn't bear to see her have to adjust to another family, so decided to keep her. Now re-named 'J.J.' she is living very happily with Angus the Cockerpoo and Reggie a rescue from Cyprus. All three dogs lie on the sofa together, life for this dog who has clearly suffered so much, has just begun.

In Court, statements from bystanders who'd witnessed J.J. being beaten, were used as evidence in the case. The ex-owner pleaded guilty to causing an animal unnecessary suffering and the story made the news. He was fined £2,000 and banned from keeping an animal for 10 years. Unbelievably, he claimed to Police the dog had caused the stab wounds to herself! Really?

**advocate**

Advocate is the Bar's national charity making it possible for barristers to balance a dedicated practice with making a significant contribution to the community.

As well as helping deserving cases who are unable to obtain funding, working with Advocate is an excellent way for a barrister at any stage to try direct access work, expand their experience and explore new areas of law.

Senior barristers can take more complex cases or become reviewers/mentors which is useful for QC and judicial applications.

Doing pro bono is a valuable way to give back to society using your unique set of skills. It also makes you feel good.

## Help Finance An Evolution

Will you leave a lasting legacy of compassion and help scientific advancement? The Lord Dowding Fund finances scientific and medical research without the use of animals. We believe that cruel animal techniques have no place in 21st century science.

We have supported major advances in many fields including neuroscience, cancer research, and safety testing – we developed a humane British Standard Test for the toxicity of dental fillings. Your legacy could help save the lives of animals and advance scientific research.

Help finance an evolution in medical science and leave a lasting legacy, with a bequest today to the:

**Lord Dowding Fund,  
Vox Studios North, 1 Durham Street, London SE11 5JH**

For a FREE guide to making a will to help laboratory animals call us today on 020 7630 3340 or visit [www.ldf.org.uk](http://www.ldf.org.uk)

**ARTISTS' BENEVOLENT FUND**  
HELP FOR ARTISTS

## Advocate: Finding free legal help from barristers

Supported by Clerksroom

W: [weareadvocate.org.uk](http://weareadvocate.org.uk)

Trades and professions

There are great reasons to get involved with doing pro bono for Advocate. Here are the top 5:

- ▶ It's an excellent way for a barrister at any stage to **expand your skillset** and explore new areas of law.
- ▶ Pro bono cases can offer **junior barristers** more advocacy experience and the opportunity to try direct access work. Advocate has a direct access licence from the Bar Council, so you do not need the qualification yourself.
- ▶ **Senior barristers** can take more complex cases or become reviewers or mentors with Advocate. It has been useful for many for QC and judicial applications.
- ▶ It's great for **networking** and forming relationships with colleagues at the Bar or firms of solicitors.
- ▶ Doing pro bono makes you **feel good** and is a valuable way to give back to society using your unique set of skills.

### Over 200 years of caring for the needs of artists and their dependants

The ABF are proud to have served the artists' community for over 200 years and now we have launched a new grant scheme to support working artists at key moments in their careers.

The ABF believes that many talented artists face great difficulties in sustaining and developing their careers. Our grant scheme is designed to support artists who can demonstrate how an award can assist them in consolidating and continuing their career as a professional artist.

The scheme will make it possible for artists to seize creative opportunities and develop their work for the future.

Please help us to continue to our work with the existing beneficiaries and to make funds available to other artists in times of need.

## Benevolent Fund for Nurses in Scotland

Registered Office:

24A Ainslie Place

Edinburgh EH3 6AJ

W: [www.bfns.org.uk](http://www.bfns.org.uk)

Registered Scottish Charity No: SC006384

A company limited by guarantee registered in Scotland No: SC357442

Trades and professions

The Benevolent Fund for Nurses was established in 1925 to give assistance to any member of the profession who trained or worked in professional posts in Scotland.

Financial grants are given to:

- ▶ Individuals of any age, who are experiencing financial difficulties due to their inability to continue working.
- ▶ Retired members of the profession who receive little or no pension.

Sadly more and more nurses are finding it necessary to seek our help and through your generosity, we are able to offer additional support in the form of single grants to those less fortunate members of our profession.

The Fund is administered by a Committee of Trustees, most of whom are members of the nursing profession.

E: [info@bloodpressureuk.org](mailto:info@bloodpressureuk.org)  
W: [www.bloodpressureuk.org](http://www.bloodpressureuk.org)  
**Medical research and welfare**

**Blood Pressure UK**  
Helping you to lower your blood pressure

Blood Pressure UK is the UK's leading charity dedicated to lowering the nation's blood pressure to prevent disability and death from stroke and heart disease. Since October 2000 we have been making a real difference to the 16 million people affected by high blood pressure in the UK.

We work to ensure that high blood pressure is at the top of everyone's health agenda: within the Government, among health professionals, in the media and for every adult in the UK. Our vision is that everyone will know their blood pressure numbers, in the same way that they know their height or weight, and take steps to keep them healthy both now and in the future. High blood pressure can be treated and prevented.

Blood Pressure UK relies on donations and legacies. Your invaluable support will help to ensure they continue its important work and make a vital difference to the lives of those at risk from the effects of high blood pressure.

## Cancer Prevention Research Trust

231 Roehampton Lane  
London SW15 4LB  
T: 020 8785 7786  
F: 020 8785 6466  
E: [cprt45@yahoo.co.uk](mailto:cprt45@yahoo.co.uk)  
W: [www.cancerpreventionresearch.co.uk](http://www.cancerpreventionresearch.co.uk)  
Registered charity no: 265985

### Medical research and welfare

The Cancer Prevention Research Trust's dream is to create a better world without cancer and to promote a healthier lifestyle for all. Since its inception in 1973, the Cancer Prevention Research Trust has supported pioneering research into the prevention of this serious disease.

There is nothing more important to us or to future generations than a world without cancer, so including us in your Will is a very effective way to be part of our continuing work and will help us pursue our dream.

## Friends of the Animals

17a Riverway  
Newport  
Isle of Wight PO30 5UX  
T: 01983 522 511  
W: [www.friendsoftheanimals.co.uk](http://www.friendsoftheanimals.co.uk)  
Registered charity no: 1000249

### Animals and birds / Education

Your wish to help animals will be assured by including a gift in your will to "Friends of the Animals". Concentrating on 'preventative' work such as spays, neuters, inoculations and free engraved discs; we never destroy a healthy animal, and keep admin costs to a minimum. Veterinary prices have rocketed and our goal is to employ our own Vet.

We have:-

- ▶ Re-homed 9,760+ animals.
- ▶ Spayed/neutered 43,000+ animals.
- ▶ Built stables for donkeys and ex-pit ponies.
- ▶ Currently funding 450+ rescued farm animals.
- ▶ Distributed over 1,829,000 items of pet food.

- ▶ Supplied almost 20,000 engraved, identity discs FOC.
- ▶ Given numerous educational talks on animal welfare.
- ▶ Wormed and inoculated thousands of animals – many for the first time in their lives!
- ▶ Stepped in to ensure food, safety and new homes for 97 Urban Farm animals, when their owner went out of business.

The majority of animals that come into our care arrive in a poor state. Our reward is seeing those same animals go to their new homes a few weeks later: well fed, groomed, wormed, inoculated and neutered.

VETERINARY TREATMENT is invariably our biggest outgoing.

You have many choices of Charities to support but no one appreciates it more – or tries harder than we do – to get the very best possible from every penny donated.

Your help today will ensure a happier tomorrow for countless animals. I send my grateful thanks.

*Helen Sinclair MBE (Awarded for 'Services to animal welfare')*  
Founder

## Headway: The brain injury association

Bradbury House  
190 Bagnall Road  
Nottingham NG6 8SF  
Supported by Clerksroom

London SE11 5JH  
T: 020 7630 3340  
E: [info@ldf.org.uk](mailto:info@ldf.org.uk)  
W: [www.ldf.org.uk](http://www.ldf.org.uk)

LORD DOWDING FUND  
FOR HUMANE RESEARCH

### Animals and birds / Medical research and welfare

Lord Dowding Fund (LDF) supports and promotes advanced methods of scientific and medical research for testing products and curing disease, which replace the use of animals. The LDF educates and promotes adoption of advanced techniques. Grants awarded to researchers working in a wide range of fields, including breast and lung cancer, microsurgery, Parkinson's disease, cataracts, cot deaths, product safety testing, kidney research, schizophrenia, biotechnology, hepatitis B, pain, infertility, tissue engineering and vascular disease.

By making a bequest to the Lord Dowding Fund you can support solid, scientific medical research that can save animals and help people.

Thank you.

## Redwings Horse Sanctuary

Hapton  
Norwich NR15 1SP  
T: 01508 481030  
F: 0870 458 1947  
E: legacies@redwings.co.uk  
W: www.redwings.org.uk  
Registered charity no: 1068911

### Animals and birds

Redwings believes that every horse, pony, donkey and mule has the right to a happy and healthy life, free of fear and neglect.

The 100% publicly funded charity rescues neglected and abandoned horses from all over the country, giving them a safe place to live for the rest of their days, and is currently home to over 1,500 – making Redwings the UK’s largest horse sanctuary.

As well as providing a place of sanctuary to rescued horses, Redwings has five visitor centres in England and Scotland that enable supporters to see how their kind donations really can make a difference to horses and donkeys in need.

Redwings’ Aylsham Visitor Centre in North Norfolk was funded by the gifts people had left in their Wills and has been vital in enabling the charity to continue to provide homes for the increasing number of abandoned horses in desperate need of love and care.

Gifts in Wills make up the largest proportion of Redwings’ income and the charity simply wouldn’t be able to exist without them. Remembering Redwings Horse Sanctuary in your Will is a wonderful way to support the charity’s work and leave a lasting legacy that will help them to help horses and donkeys for generations to come. Whether your gift is large or small, every donation makes a real difference to the future of Redwings’ residents.

## Shelter

88 Old Street  
London  
EC1V 9HU  
T: 0344 515 1746  
E: legacies@shelter.org.uk  
W: www.shelter.org.uk/legacy  
Registered Charity in England and Wales (263710)  
and in Scotland (SC002327)

### Social services and welfare

Britain is in a housing crisis. Times are tough, rents are rising, and many families are struggling to keep a roof over their heads, let alone get on the property ladder. For others, redundancy or illness can make people fall behind on the rent or mortgage. And every day, millions of people wake up in housing that’s run down, overcrowded or dangerous.

At Shelter, we hear from people suffering from health problems and mental health issues, such as depression and stress, and families whose children are missing out on their education or are being bullied – all as a result of bad housing or homelessness.

That’s why we provide free, confidential advice and support via our website, helplines, and face to face local services. We help people to find and keep a home in a place where they can thrive, and we tackle the root causes of bad housing by campaigning for new laws, policies and solutions.

#### Shelter believes everyone should have a home

To continue this work, we rely heavily on the gifts that supporters leave us in their wills. That’s why remembering Shelter in your will is one of the most important ways that you can help.

For your guide to including Shelter in your will, please call Katie Small directly on 0344 515 1746 or email legacies@shelter.org.uk.

Visit [www.shelter.org.uk/legacy](http://www.shelter.org.uk/legacy) for more information.

## Tiggywinkles – the Wildlife Hospital Trust

Aston Road, Haddenham  
Aylesbury  
Bucks HP17 8AF  
T: 01844 292292  
E: mail@sttiggywinkles.org.uk  
W: www.tiggywinkles.com  
President: The Countess of Buckinghamshire  
Registered charity no: 286447

### Animals and birds / Conservation / Education

Here at Tiggywinkles, we are dedicated to rescuing and rehabilitating British wildlife. We are open 24hrs a day, 7 days a week to help any wild animal in need and our service is free of charge. We rely on donations to provide our life-saving care for patients like Robbie the robin, who arrived in our care under unusual circumstances!

As the World’s leading teaching wildlife hospital, we have lots of students on site and one of our Level Two Animal Care students found Robbie on the pathway of our grounds. She immediately realised he needed help as he was lying flat and couldn’t fly. She rushed him into triage and our duty nurse quickly assessed his condition.

Sadly, Robbie was suffering from temporary ataxia – the loss of coordination and control of movement – and the team suspected he had sustained head trauma. To treat his symptoms, our vet put Robbie on a short course of antibiotics and pain relief. After one week of treatment, Robbie was once again flying around his cage and was ready for release.

We are so happy that we could help this beautiful bird back to the wild and although we never want any wild animal to find itself in trouble, it is nice to think that they know where to come, should they ever need help! Our doors are always open to any wild animal in need, even walk-ins! To help us care for patients like Robbie, please consider donating. We receive no government or lottery funding, so we need your help – every penny helps us help them!
