

# Charities Appeals Supplement

The Charities Appeals Supplement continues to help develop fundraising revenue streams for charities through legacies, corporate support and donation.

This section is written by charities detailing their appeals. It is easy to use with a categorised index below and an A–Z index at the end.

If your client is considering leaving a legacy to charity, please encourage them to browse through the appeals when making that important decision. Please mention the Charities Appeals Supplement when contacting a charity.

The team at the Charities Appeals Supplement would like to thank you for your continuing support; especially those who have left legacies to our featured charities over the last year.

## SWAN LIFELINE

Swan Lifeline is the oldest registered charity devoted entirely to the care of sick and injured swans in the Thames Valley and surrounding area. Our work is possible only through generous donations and support from the public, our sponsors, trustees and volunteers. So far, we have rescued and treated more than 30,000 swans.

### YOU CAN MAKE A REAL DIFFERENCE AND SECURE THE FUTURE FOR OUR RESEARCH.

Over 40,000 men are diagnosed with prostate cancer every year in the UK and over 10,000 men die of the disease. Survival rates have changed little over the past 70 years since hormone therapy was introduced. We are developing new treatments to improve the survival of men with life-threatening advanced prostate cancer. By leaving a gift in your will you can ensure that the research will continue to develop new and more effective therapy for the next generation of men with prostate cancer.

## THE BARRISTERS' BENEVOLENT ASSOCIATION

The Barristers' Benevolent Association exists to support, help and comfort those members of the Bar in England and Wales and their families and dependants who are in need, in distress or in difficulties.

During the recent past we have helped barristers and their families in every circuit, often saving not only dignity but careers.

We are not nearly as well-known in the profession as we would like, and there are possibly people who qualify for our help but aren't aware of our existence... we also feel that there are other people who would be willing to contribute to the welfare of their less fortunate colleagues but who are also unaware of us.

Contact Susan Eldridge on **020 7242 4761** for further details or visit our website at **[www.the-bba.com](http://www.the-bba.com)**

## Help Finance An Evolution

Will you leave a lasting legacy of compassion and help scientific advancement? The Lord Dowding Fund finances scientific and medical research without the use of animals. We believe that cruel animal techniques have no place in 21st century science.

We have supported major advances in many fields including neuroscience, cancer research, and safety testing – we developed a humane British Standard Test for the toxicity of dental fillings. Your legacy could help save the lives of animals and advance scientific research.

Help finance an evolution in medical science and leave a lasting legacy, with a bequest today to the:

**Lord Dowding Fund,  
Millbank Tower, Millbank, London SW1P 4QP**

For a **FREE** guide to making a will to help laboratory animals call us today on **020 7630 3340** or visit **[www.ldf.org.uk](http://www.ldf.org.uk)**

## Until there's a home for everyone

### Please remember Shelter in your will

Shelter helps millions of people every year struggling with bad housing or homelessness. For many, this means the difference between being forced to live in squalor and living in a safe, secure home.

Remembering Shelter in your will is one of the most important and lasting ways that you can help people to keep a roof over their heads.

For your guide to including Shelter in your will, please call Joel Dunster directly on **0344 515 2062** or email [joel\\_dunster@shelter.org.uk](mailto:joel_dunster@shelter.org.uk)

Visit [shelter.org.uk/legacy](http://shelter.org.uk/legacy) for more information.

Registered charity in England and Wales (263710) and in Scotland (SC002327 RH6208)

**Shelter**

Will you remember  
the horses at  
**Redwings**  
Horse Sanctuary?

Remember Redwings in your Will and save the lives of hundreds of horses in desperate need for years to come.

Call **01508 481030** or email [legacies@redwings.co.uk](mailto:legacies@redwings.co.uk) to find out how to leave a legacy today.

*Thank you*

If you  
love horses,  
remember them!

## Last year we helped over 80,000 wild birds and animals like Rudolph

### Please help me get better

Specialising in hedgehogs, our caring teams save lives every single day of the year. Our aim is simple. To treat all injured British birds and animals, then return them to the wild. Like Rudolph, who was orphaned at Christmas time, just five days old. The road accident which killed his mother left him with three badly broken legs. Our specialist care saved this poor little deer from suffering and he is now facing a brighter future. But it is only with your support we can help casualties like Rudolph, so please remember Tiggywinkles in your Will.

Our late friend **Dame Thora Hird** was an ardent supporter of our work. She actively encouraged others to help us secure funding for our lifesaving work to continue. Your legacy will ensure help is always at hand for all British wildlife; in Dame Thora's own words, *"All the little wild creatures and I thank you so very much"*.

For more information please contact:

## For Cancer, Prevention is Key

### **DO!**

- ✓ Be physically active
- ✓ Practise safe sex
- ✓ Eat five to nine servings of fruit and vegetables daily
- ✓ Drink green tea
- ✓ Maintain a healthy body weight
- ✓ Avoid job-related chemical exposures

### **DON'T!**

- ✗ Smoke
- ✗ Expose yourself excessively to the sun
- ✗ Consume excessive amounts of red meat
- ✗ Drink excessive amounts of alcohol
- ✗ Use talcum powder
- ✗ Consume excessive amounts of animal fats

**We eagerly await the day when people don't wait until they have cancer before giving up smoking**

**Our sacred mission: the prevention of cancer**

***If you knew animals were being abused, could you rest in peace?***

Sadly, throughout their lives, the last thing many animals experience is peace. Pepe the spider monkey, for example, was chained by his neck and imprisoned in a circus. They snapped off his canine teeth and kept him in isolation.

He was one of the lucky ones because he was rescued by Animal Defenders International (ADI). He can now live in peace with his own kind. ADI is a major international force in animal protection.

**Please help us to help other animals like Pepe to live in peace by making a bequest today to Animal Defenders International.**

**For a free guide to making a will to help stop animals being abused call us today on 020 7630 3340 or visit [www.ad-international.org](http://www.ad-international.org)**

## If you believe in reincarnation there are some animals you wouldn't want to be

Imagine a life of imprisonment in a cramped cage and being the subject of constant experimentation; a lifetime of suffering followed by a painful death. That's the cruel and futile fate suffered by millions of laboratory animals in the name of research.

The National Anti-Vivisection Society (NAVS) is the world's premier and leading group, working for an end to the suffering of animals in laboratories.

Working within the law, we lobby Parliament, produce scientific reports, educational materials and videos; conduct undercover investigations and expose law breaking. We fund non-animal scientific and medical research.

Please help us to help laboratory animals by making a bequest today to the National Anti-Vivisection Society, Millbank Tower, Millbank, London SW1P 4QP

For a free guide to making a will to help laboratory animals call us today on 020 7630 3340 or visit [www.navs.org.uk](http://www.navs.org.uk)

## Don't leave it to chance ... leave it to LAST CHANCE

As animals can't speak for themselves it falls to me to ask you to consider leaving a legacy to Last Chance Animal Rescue. Any money that we may receive will be spent entirely on the running and improvement of the Centre, which is dedicated to the rescuing, rehabilitation and re-homing of dogs and cats etc.

Many of the number we receive have found their way to our door through circumstances such as their beloved owner passing away, may that door always be open.

Many are elderly, in their twilight years, and would just love to find a caring retirement home; something we have great success and pleasure in finding for them, and we continue to care for them, young and old, long after they are settled in their new loving homes, by offering all kinds of support, including financial if needed, for their continued welfare and well being.

As you can imagine this level of commitment doesn't come cheaply, which is why I am appealing to you to remember Last Chance if possible, when you make your Will.

If you would like us to take care of your pets in your absence please remember to include instructions to this effect and if possible inform us of your wishes.

I hope you will consider us a worthy charity, it would be wonderful to think that with your help, Last Chance could always be there to pick up the pieces in times of need.

They do say where there's a Will there's a way!

## The Breast Cancer Research Trust

President –  
Dame Vera Lynn DBE, LLD, Mmus

The treatment and management of breast cancer has been revolutionised in the last 39 years since I became President of the Breast Cancer Research Trust. The death rate has fallen by 30% in the UK and many patients now experience a personal cure. This in the main has been due to unremitting and time consuming research not only into new drugs and ways of diagnosing, assessing and treating patients but into the basic causes of breast cancer itself.

It gives me great pleasure to state that to date, we have raised over five million pounds, which has enabled us to support forty major research centres throughout the united Kingdom. The Breast Cancer Research Trust is a charity dedicated to funding clinically based laboratory project research, undertaken in recognised cancer centres or research institutions in the UK, directly aimed at improving the prevention, early diagnosis and treatment of breast cancer. 100% of all donations go towards this vital research as the Trust is run on a purely voluntary basis

By helping us, you are giving aid and hope to all women who develop this particular cancer.

Vera Lynn

F: 020 7828 2179  
E: info@ad-international.org  
W: www.ad-international.org

### Animals and birds

Animal Defenders International is a major international force in animal protection, working on such issues as the use of animals in entertainment, the worldwide traffic in endangered species and alternatives to the use of animals in research. Recent campaign successes include the introduction of a ban on the use of all animals in circuses in Bolivia and of wild animals in Peru and Colombia.

Animal Defenders International also rescue animals in distress and, following the ban in Peru, worked with the authorities to seize and relocate over 100 animals in the biggest operation of its kind.

Help safeguard animals from cruelty by making a bequest to Animal Defenders International. Thank you.

Registered Charity No: 1078287 (Registered as a limited company in England. Company No: 3870182)

### Blind / Old people's welfare / People with disabilities

Many elderly people with sight loss live alone, often on a very limited income – leaving them feeling isolated.

British Wireless for the Blind Fund aims to ease this feeling by providing specially adapted radios to blind and partially sighted people.

We have been providing these lifelines to people with sight loss since 1928.

Radios offer a constant and vital link to the outside world and allow blind and partially sighted people to keep in touch with what's going on.

We rely on the generosity of our supporters, who help us to keep providing this vital service to those who need us.

A big part of our funding is through legacies – which allow us to ensure we can continue to help those who need us most.

We would be so grateful if you would consider leaving us a gift in your will.

For more information, please contact us using the details above.

### Animals and birds

As the UK's largest dog welfare charity, Dogs Trust cares for nearly 17,000 stray and abandoned dogs a year through its network of 20 rehoming centres. We believe that every dog deserves a loving home and work to match the right dog with the right owner. We never put down a healthy dog and are working towards a day when all dogs can enjoy a happy life, free from the threat of unnecessary destruction.

Dogs Trust relies on donations and legacies in order to continue its vital work. Every gift is gratefully received and helps care for so many dogs in need.

### Animals and birds / International aid

#### ABOUT OUR WORK:

Leaving a legacy or bequest to The Donkey Sanctuary can help thousands of working donkeys all around the world. The charity relies entirely on donations to support major programmes in Egypt, Ethiopia, India, Kenya and Mexico, and many other countries through its small grants programme.

It works to improve donkey welfare through veterinary assistance and extends education and advice to donkey-owning communities. Through sustainable partnerships The Donkey Sanctuary's experts promote training in donkey first aid, harness making and general care and welfare.

If you remember The Donkey Sanctuary in your will The Donkey Sanctuary will remember you by inscribing your name on a permanent memorial board in the Sanctuary's grounds.

If you would like a copy of the charity's Will Guide, please contact the Legacy Department on 01395 578222.

### Animals and birds

#### ABOUT OUR WORK:

The Donkey Sanctuary is a registered charity and the largest of its kind in the world. We provide specialist care and refuge to donkeys in the UK, Ireland and Europe. We also work all across the world in Egypt, Ethiopia, India, Kenya and Mexico to improve donkey welfare through community education and veterinary work.

We aim to protect donkeys and mules and promote their welfare worldwide through the provision of expert advice, training and education. Welfare officers in the UK and Ireland provide advice and practical support to donkey owners and follow up reports of neglect or maltreatment. The sanctuary's veterinary team shares their knowledge with practitioners around the world.

Remember the donkeys in your Will and we'll remember you by inscribing your name on one of our permanent bequest boards in The Donkey Sanctuary's grounds. To find out about our memorial schemes and how your bequest would help donkeys around the world, please contact the Legacy Department. Thank you.

## Friends of the Animals

17a Riverway, Newport  
Isle of Wight PO30 5UX  
T: 01983 522 511  
Registered charity no: 1000249

### Animals and birds / Education

Your wish to help animals will be assured by including a gift in your will to "Friends of the Animals". The primary objective of the Charity is to help animals NOW, we do not 'sit on funds'. Concentrating on 'preventative' work such as spays, neuters, inoculations, boosters and free engraved discs; we never destroy a healthy animal and keep admin costs to a minimum. We have:-

- ▶ Opened four branches.
- ▶ Re-homed more than 8,000 animals.
- ▶ Built stables for donkeys and ex-pit ponies.
- ▶ Distributed over one and a half million items of pet food.
- ▶ Supplied 18,000 engraved, identity discs FOC.
- ▶ Given numerous educational talks on animal welfare.
- ▶ Wormed and inoculated thousands of animals – many for the first time in their lives!
- ▶ Stepped in to ensure food, safety and new homes for 97 Urban Farm animals, when their owner went out of business.
- ▶ Spayed/neutered 30,000+ animals – which has prevented thousands of unwanted animals from being born into a largely uncaring world.

Currently funding 400+ rescued farm animals.

The majority of animals that come into our care arrive in a poor state. Our reward is seeing those same animals go to their new home a few weeks later: well fed, groomed, wormed, inoculated and neutered.

VETERINARY TREATMENT is – and always has been – BY FAR OUR BIGGEST OUTGOING. You have many choices of Charities to support but no one appreciates it more – or tries harder than we do – to get the very best possible from every penny donated. Your help today will ensure a happier tomorrow for countless animals. I send my grateful thanks.

*Helen Sinclair MBE (Founder)*

## Kidney Wales Foundation

2 Radnor Court  
256 Cowbridge Road East  
Cardiff CF5 1GZ  
T: 029 2034 3940  
E: lorraine@kidneywales.cymru  
W: www.kidneywales.com  
Registered Charity No. 700396

### Medical research and welfare

The Kidney Wales Foundation leads the way in the fight against kidney disease.

Kidney Wales invests in renal research, patient care and well-being, and actively works with and on behalf of kidney patients and their families across Wales.

With your support Kidney Wales has:

- ▶ Refurbished and modernised the Children's Kidney Centre at the University
- ▶ Hospital of Wales
- ▶ Provided vital life saving equipment to Renal Units in Wales
- ▶ Supported Key Posts in Dialysis Centre's and the Children's Kidney Centre
- ▶ Established a New Renal Research Fund
- ▶ Provided Dialysis Centre's and Transplant Units with multimedia installations
- ▶ Launched a patient information, support and learning website peoplelikeuscymru.org

Please think of us in your legacy and help us make tomorrow a better and brighter day for the many families that need your support.

## Lord Dowding Fund for Humane Research

Millbank Tower  
Millbank  
London  
SW1P 4QP  
T: 020 7630 3340  
F: 020 7828 2179  
E: info@ldf.org.uk W: www.ldf.org.uk

### Animals and birds / Medical research and welfare

The Lord Dowding Fund supports better methods of scientific and medical research which replace the use of animals.

Since being founded in 1973, the Lord Dowding Fund has awarded grants to researchers working in a wide range of fields including breast and lung cancer, microsurgery, Parkinson's disease, cataracts, toxicity testing of dental fillings, cot deaths, product safety testing, kidney research, schizophrenia, biotechnology, hepatitis B, pain, infertility, tissue engineering and vascular disease.

It is a myth that animals are indispensable to research. We can have solid, scientific medical research without making animals suffer for progress. The Lord Dowding Fund can save animals and help people, but only with your generous support.

Thank you.

## Last Chance Animal Rescue

Head office: Hartfield Road  
Edenbridge  
Kent TN8 5NH  
T: 01732 865530  
F: 01732 865838  
E: general@lastchanceanimalrescue.co.uk  
W: www.lastchanceanimalrescue.co.uk  
Registered charity no: 1002349

### Animals and birds

*Don't leave it to chance . . . leave it to LAST CHANCE*

As animals can't speak for themselves it falls to me to ask you to consider leaving a **legacy to Last Chance Animal Rescue**.

Any money that we may receive will be spent entirely on the running and improvement of the Centre which is dedicated to the rescuing, rehabilitating and rehoming of dogs and cats etc.

Many of the number we receive have found their way to our door through circumstances such as their beloved owner passing away. May that door always be open.

Many are elderly, in their twilight years, and would just love to find a caring retirement home: something we have great success and pleasure in finding for them, and we continue to care for them, young and old, long after they are settled in their new loving homes by offering all kinds of support, including financial if needed, for their continued welfare and well being. As you can imagine this level of commitment doesn't come cheaply, which is why I am appealing to you to remember Last Chance if possible, when you make your Will.

If you would like us to take care of your pets in your absence please remember to include instructions to this effect and if possible inform us of your wishes.

I hope you will consider us a worthy charity. It would be wonderful to think that with your help, Last Chance could always be there to pick up the pieces in times of need.

They do say where there's a Will there's a way!

## National Anti-Vivisection Society

Millbank Tower  
Millbank  
London  
SW1P 4QP  
T: 020 7630 3340  
F: 020 7828 2179  
E: info@navs.org.uk  
W: www.navs.org.uk

### Animals and birds / Medical research and welfare

The National Anti-Vivisection Society (NAVS) is the world's longest established group working to end the suffering of animals in laboratories. Every year millions of animals suffer and die in cruel and futile experiments and the NAVS actively campaigns for animal experiments to be replaced with sophisticated, non-animal methods.

Working within the law, we lobby government, produce scientific reports, educational materials and videos for parliament and the public; we conduct undercover investigations and expose lawbreaking; we fund nonanimal scientific and medical research. The NAVS advocates the total prohibition of all animal experiments and, pending the achievement of this aim, we would support measures which provide steps towards the abolition of vivisection.

We can do more but as a non-profit organisation we can only do so with your help. Please consider remembering the NAVS in your Will. Thank you.

## Pancreatic Cancer UK

2nd floor  
Camelford House  
89 Albert Embankment  
London  
SE1 7TW  
T: 020 3535 7090  
E: [legacies@pancreaticcancer.org.uk](mailto:legacies@pancreaticcancer.org.uk)  
W: [www.pancreaticcancer.org.uk](http://www.pancreaticcancer.org.uk)  
Registered charity no: 1112708

### Medical research and welfare

For anyone a diagnosis of cancer is a devastating, life changing moment. For people diagnosed with pancreatic cancer that diagnosis is especially difficult as pancreatic cancer has the highest mortality rate of the 21 most common cancers.

Of the 8,800 people diagnosed in the UK this year, 95% of them will be dead in five years' time. Survival rates have remained virtually unchanged in 40 years.

Pancreatic cancer is tough.

- ▶ Tough to diagnose
- ▶ Tough to treat
- ▶ Tough to survive
- ▶ And it will be tough to change that. But we're ready.

We're taking on pancreatic cancer together. For too long this disease has been side-lined. We want to make sure this changes.

By supporting Pancreatic Cancer UK you are helping us to:

- ▶ run the UK's only pancreatic cancer-dedicated Support Line giving thousands of patients and their families direct access to expert nurses;
- ▶ campaign to increase awareness of the disease
- ▶ commission innovative and vital research to find better, more effective treatments

Leaving Pancreatic Cancer UK a legacy gift is an easy way to donate to the charity to leave a legacy of hope for those with pancreatic cancer.

## Redwings Horse Sanctuary

Hapton  
Norwich  
Norfolk  
NR15 1SP  
T: 01508 481000  
F: 0870 458 1947  
E: [legacies@redwings.co.uk](mailto:legacies@redwings.co.uk)  
Website: [www.redwings.org.uk](http://www.redwings.org.uk)  
Registered charity no: 1068911

### Animals and birds

Redwings believes that every horse, pony, donkey and mule has the right to a happy and healthy life, free of fear and neglect.

The 100% publicly funded charity rescues neglected and abandoned horses from all over the country, giving them a safe place to live for the rest of their days, and is currently home to over 1,500 – making Redwings the UK's largest horse sanctuary.

As well as providing a place of sanctuary to rescued horses, Redwings has five visitor centres in England and Scotland that enable supporters to see how their kind donations really can make a difference to horses and donkeys in need.

Redwings' Aylsham Visitor Centre in North Norfolk was funded by the gifts people had left in their Wills and has been vital in enabling the charity to continue to provide homes for the increasing number of abandoned horses in desperate need of love and care.

Gifts in Wills make up the largest proportion of Redwings' income and the charity simply wouldn't be able to exist without them.

Remembering Redwings Horse Sanctuary in your Will is a wonderful way to support the charity's work and leave a lasting legacy that will help them to help horses and donkeys for generations to come. Whether your gift is large or small, every donation makes a real difference to the future of Redwings' residents.

## Prostate Cancer Research Centre

Britannia House  
7 Trinity Street  
London  
SE1 1DB  
T: 020 7848 7546  
E: [info@prostate-cancer-research.org.uk](mailto:info@prostate-cancer-research.org.uk)  
W: [www.prostate-cancer-research.org.uk](http://www.prostate-cancer-research.org.uk)  
Registered charity no: 1156027  
(England & Wales)

### Medical research and welfare

Prostate cancer is the most frequently diagnosed cancer in men. In the UK, over 40,000 new cases are diagnosed every year and over 10,000 men die of the disease.

The treatment for life-threatening advanced prostate cancer, hormone therapy, was developed in the 1940s. Because hormone therapy is still the most effective treatment for these men, survival has not improved significantly for over 70 years. That is why the Prostate Cancer Research Centre is dedicated to developing more effective therapy in order to improve survival of advanced prostate cancer.

We fund world class ground breaking research aiming to discover new and more effective treatment for advanced prostate cancer.

Please consider making a bequest to the Prostate Cancer Research Centre. Your legacy will help the next generation of men suffering with prostate cancer.

## Shelter

88 Old Street  
London EC1V 9HU  
T: 0344 515 2062  
E: [joel\\_dunster@shelter.org.uk](mailto:joel_dunster@shelter.org.uk)  
W: [www.shelter.org.uk/legacy](http://www.shelter.org.uk/legacy)  
Registered Charity in England and Wales (263710) and in Scotland (SC002327)

### Social services and welfare

Britain is in a housing crisis. Times are tough, rents are rising, and many families are struggling to keep a roof over their heads, let alone get on the property ladder. For others, redundancy or illness can make people fall behind on the rent or mortgage. And every day, millions of people wake up in housing that's run down, overcrowded or dangerous.

At Shelter, we hear from people suffering from health problems and mental health issues, such as depression and stress, and families whose children are missing out on their education or are being bullied – all as a result of bad housing or homelessness.

That's why we provide free, confidential advice and support via our website, helplines, and face to face local services. We help people to find and keep a home in a place where they can thrive, and we tackle the root causes of bad housing by campaigning for new laws, policies and solutions.

### Shelter believes everyone should have a home

To continue this work, we rely heavily on the gifts that supporters leave us in their wills. That's why remembering Shelter in your will is one of the most important ways that you can help.

For your free will guide please call Joel Dunster on 0344 515 2062. Alternatively, email [joel\\_dunster@shelter.org.uk](mailto:joel_dunster@shelter.org.uk) or write to the above address.

**Until there's a home for everyone**

Please remember Shelter in your will

Shelter helps millions of people every year struggling with bad housing or homelessness. For many, this means the difference between being forced to live in squalor and living in a safe, secure home.

Remembering Shelter in your will is one of the most important and lasting ways that you can help people to keep a roof over their heads.

For your guide to including Shelter in your will, please call Joel Dunster directly on 0344 515 2062 or email joel\_dunster@shelter.org.uk.

Visit [www.shelter.org.uk/legacy](http://www.shelter.org.uk/legacy) for more information.

**Swan Lifeline**

Cuckoo Weir Island  
South Meadow Lane  
Eton

Berkshire

W: [www.swanlifeline.org.uk](http://www.swanlifeline.org.uk)

Charitable Incorporated Organisation 1156995

**Animals and birds**

Entirely funded by donations Swan Lifeline rescues and treats sick and injured swans. After rescue swans are admitted for care if necessary to the purpose built Headquarters in Eton, Berkshire. Specialist veterinary treatment is given as required with follow up care carried out by trained people. Swans are released back to the wild after treatment with permanently disabled swans being found sheltered homes on private lakes. The majority of work is carried out by volunteers under the supervision of a resident manager. In the 30 years since the Charity was formed thousands of swans have been rescued and treated.

**Tiggywinkles — the Wildlife Hospital Trust**

Aston Road  
Haddenham  
Aylesbury  
Bucks

HP17 8AF

T: 01844 292292

F: 01844 292640

E: [mail@sttiggywinkles.org.uk](mailto:mail@sttiggywinkles.org.uk)

W: [www.tiggywinkles.com](http://www.tiggywinkles.com)

President: The Countess of Buckinghamshire

Registered charity no: 286447

**Animals and birds / Conservation / Education**

Specialising in hedgehogs, Tiggywinkles, The Wildlife Hospital Trust, has been working for over 30 years rescuing, treating and rehabilitating sick, injured and orphaned British wildlife. We have proved beyond doubt that most wild animal and bird casualties can be saved and released back to the wild.

The wealth of expertise and knowledge in the care of a wide range of species, much of it previously unrecorded, can now be passed on to others. Our commitment to practical education plays a vital part in the future conservation of wildlife and as an accredited centre opportunities are now available for 16+ years' to gain a City and Guilds qualification in animal care.

Les Stocker, Founder of Tiggywinkles, was awarded the title of 'Laureate' in the International 1990 Rolex Awards for Enterprise for his work in wildlife conservation and establishing Europe's first Wildlife Teaching Hospital. This was the first environmental Laureate to be awarded to a project based in Britain. He has also been awarded an MBE by her Majesty The Queen and, more recently, the prestigious Honorary Associateship of the Royal College of Veterinary Surgeons.

Dependency on public compassion underpins the work of a committed team of veterinary staff and volunteers dedicated to providing the best care and medical expertise for their patients. We need your help to expand our work enabling us to save more of Britain's deer, badgers, hedgehogs, owls; in fact all British wild creatures. For this work to grow and thrive it is your legacy that will help forge a secure path for wild animals and birds for many years to come. Please think about ensuring their security.

We are happy to commemorate all who generously remember the Wildlife Hospital Trust in their wills by inscribing their name on a plaque in our Remembrance Garden. Your gifts are also welcome in the form of a donation or by becoming a friend of Tiggywinkles. PLEASE, HELP US HELP THEM.

The next issue of the Charities Appeals Supplement will appear in the

9 December 2016

issue of *New Law Journal*
