

# Charities Appeals Supplement

The Charities Appeals Supplement continues to help develop fundraising revenue streams for charities through legacies, corporate support and donation.

This section is written by charities detailing their appeals. It is easy to use with a categorised index below and an A–Z index at the end.

If your client is considering leaving a legacy to charity, please encourage them to browse through the appeals when making that important decision. Please mention the Charities Appeals Supplement when contacting a charity.

The team at the Charities Appeals Supplement would like to thank you for your continuing support; especially those who have left legacies to our featured charities over the last year.

## If you knew animals were being abused, could you rest in peace?

Sadly, throughout their lives, the last thing many animals experience is peace. Pepe the spider monkey, for example, was chained by his neck and imprisoned in a circus. They snapped off his canine teeth and kept him in isolation.

He was one of the lucky ones because he was rescued by Animal Defenders International (ADI). He can now live in peace with his own kind. ADI is a major international force in animal protection.

**Please help us to help other animals like Pepe to live in peace by making a bequest today to Animal Defenders International.**

### Please remember Shelter in your will

Shelter helps millions of people every year struggling with bad housing or homelessness. For many, this means the difference between being forced to live in squalor and living in a safe, secure home.

Remembering Shelter in your will is one of the most important and lasting ways that you can help people to keep a roof over their heads.

## THE BENEVOLENT FUND FOR NURSES IN SCOTLAND

*THE FUND WHICH  
WAS STARTED IN 1925  
IS STILL NEEDED TODAY*

The Fund for Nurses was established to give assistance to members of the profession who have trained or worked in professional posts in Scotland.

Financial grants are given to:

- Individuals of any age who are experiencing financial difficulties due to their inability to continue working.
- Retired members of the profession who receive little or no pension.

Sadly more and more nurses are finding it necessary to seek our help and through your generosity, we are able to offer additional support in the form of single grants to those less fortunate members of our profession.

The Fund is administered by a Committee of Trustees, most of whom are members of the nursing profession.

# Helping others with High Blood Pressure

## Have you thought of Blood Pressure UK in your Will?

Finding out that you have high blood pressure is traumatic, particularly if you are young. Most people don't know anything about the condition and worry about how it will affect themselves and those around them.

But Blood Pressure UK is here to help, and with our information

packs, range of leaflets and our helpline, we provide reassurance and support to sufferers and their families. But all of this work is expensive and while membership subscriptions and general donations help enormously, leaving a gift in your Will can help us make a bigger difference.

It isn't complicated as you think, doesn't have to be a large amount and will give you the reassurance that our work helping fellow sufferers will continue once you have gone.

Obviously, providing for your family and friends comes first, but once that is done please consider a gift to Blood Pressure UK in your Will.

We have put together a simple leaflet to guide you through the process and you can get a copy by telephoning: (020) 7882 6255, visiting the website: [www.bloodpressureuk.org](http://www.bloodpressureuk.org), or by writing to: Blood Pressure UK, Wolfson Institute, Charterhouse Square, London, EC1M 6BQ.

## Bournemouth Symphony Orchestra Benevolent Fund

### Over 60 years of caring for the needs of BSO musicians

The fund is a charity and run by musicians for musicians with some extra help from BSO supporters. It gives financial assistance to players who are ill or no longer receive sick pay from the BSO, funds medical bills and alleviates financial hardship. Like so many charities we are dependent upon public donations and during the last 10 years it has been difficult to match donations with calls on the fund. BSO players always host an annual concert, giving freely of their time to raise money for their colleagues. The fund relies on voluntary donations as well as the self funded concerts. It is administered by volunteers, there are no employees and our overheads our minimal so every pound given can help a sick or injured player.

## Don't leave it to chance... leave it to LAST CHANCE

As animals can't speak for themselves it falls to me to ask you to consider leaving a legacy to Last Chance Animal Rescue. Any money that we may receive will be spent entirely on the running and improvement at the Centre, which is dedicated to the rescuing, rehabilitation and re-homing of dogs and cats etc.

Many of the number we receive have found their way to our door through circumstances such as their beloved owner passing away, may that door always be open. Many are elderly, in their twilight years, and would just love to find a caring retirement home, something we have great success and pleasure in finding for them, and we continue to care for them, young and old, long after they are settled in their new loving homes, by offering all kinds of support, including financial if needed, for their continued welfare and well being.

As you can imagine, this level of commitment doesn't come cheaply, which is why I am appealing to you to remember Last Chance if possible, when you make your will. They do say... where there's a Will there's a way!

## THE REMEMBRANCE TRUST

This new charity has been set up to restore and maintain the graves of British and Commonwealth soldiers and sailors who died before 1914. The Commonwealth War Graves Commission cares for graves after this date, but before 1914 no one organization has responsibility, and many of the graves are in a state of serious disrepair.

We have already completed pilot projects on Chapwani Island, Zanzibar, on graves of those who died fighting against the Sultan who refused to abolish slavery, and in the

Bayonne Cemetery, France on graves from the Peninsular War. We need to raise funds to create a database of sites worldwide and continue working on similar projects.

The charity's long-term aim is not only to restore graves and memorials, but provide educational and training opportunities. We will create teams of architectural students, youth organisations, military and civilian volunteers to work on the sites, and by doing so will gain a better understanding of our shared global history and preserve our mutual heritage for generations to come.

For more information, or to donate, please visit our website, [www.themembrancetrust.com](http://www.themembrancetrust.com) or email [remembrancetrust@gmail.com](mailto:remembrancetrust@gmail.com)

# Help Finance An Evolution

Will you leave a lasting legacy of compassion and help scientific advancement? The Lord Dowding Fund finances scientific and medical research without the use of animals. We believe that cruel animal techniques have no place in 21st century science.

We have supported major advances in many fields including neuroscience, cancer research, and safety testing – we developed a humane British Standard Test for the toxicity of dental fillings. Your legacy could help save the lives of animals and advance scientific research.

# Last year we helped over 80,000 wild birds and animals like Rudolph

Please help me get better

Specialising in hedgehogs, our caring teams save lives every single day of the year. Our aim is simple. To treat all injured British birds and animals, then return them to the wild. Like Rudolph, who was orphaned at Christmas time, just five days old. The road accident which killed his mother left him with three badly broken legs. Our specialist care saved this poor little deer from suffering and he is now facing a brighter future. But it is only with your support we can help casualties like Rudolph, so please remember Tiggywinkles in your Will.

Our late friend **Dame Thora Hird** was an ardent supporter of our work. She actively encouraged others to help us secure funding for our lifesaving work to continue. Your legacy will ensure help is always at hand for all British wildlife; in Dame Thora's own words, "All the little wild creatures and I thank you so very much".

Founder Margaret Todd's work with animals began at a very early age when she looked after a German Shepherd called Trixie. When Trixie went back to her owner, she decided she wanted to be Margaret's best friend and escaped so many times, her owner decided to give her up. After this Margaret took many homeless animals into her parents home, nursing them back to health before finding new homes for them. In the 1970's Margaret, together with husband Ron, son Alex and daughter Tina, opened a sanctuary in Kent and became a registered charity in 1981. Since then the sanctuary's work has increased enormously, taking in all kinds of domestic and wild animals. In 1993 Margaret was awarded the MBE for her contribution to animal welfare and in 1994, a veterinary clinic for people on low income was opened, a cause very dear to Margaret's heart. Without these clinics many animals would simply go untreated. We receive no government funding and without your legacies and donations our work could not continue. Please support our work helping animals in need.

Animal Defenders International is a major international force in animal protection, working on such issues as the use of animals in entertainment, the worldwide traffic in endangered species and alternatives to the use of animals in research. Recent campaign successes include the introduction of a ban on the use of wild animals in Peru and Colombia.

Animal Defenders International also rescue animals in distress and, following the ban in Peru, worked with the authorities to seize and relocate over 100 animals in the biggest operation of its kind.

### Medical research and welfare

Blood Pressure UK is the UK's leading charity dedicated to lowering the nation's blood pressure to prevent disability and death from stroke and heart disease. Since October 2000 we have been making a real difference to the 16 million people affected by high blood pressure in the UK. We work to ensure that high blood pressure is at the top of everyone's health agenda: within the Government, among health professionals, in the media and for every adult in the UK. Our vision is that everyone will know their blood pressure numbers, in the same way that they know their height or weight, and take steps to keep them healthy both now and in the future. High blood pressure can be treated and prevented.

Blood Pressure UK relies on donations and legacies. Your invaluable support will help to ensure they continue its important work and make a vital difference to the lives of those at risk from the effects of high blood.

#### Over 200 years of caring for the needs of artists and their dependants

The ABF are proud to have served the artists' community for over 200 years and now we have launched a new grant scheme to support working artists at key moments in their careers.

The ABF believes that many talented artists face great difficulties in sustaining and developing their careers. Our grant scheme is designed to support artists who can demonstrate how an award can assist them in consolidating and continuing their career as a professional artist.

The scheme will make it possible for artists to seize creative opportunities and develop their work for the future.

Please help us to continue to our work with the existing beneficiaries and to make funds available to other artists in times of need.

### Cultural and environmental / Social services and welfare / Trades and professions

We make grants to musicians and staff who are employees of the Bournemouth Symphony Orchestra and other individuals who have made a significant long-term contribution to the orchestra. The grants are to relieve hardship caused by sickness accident or infirmity. Funds are raised from the net proceeds of an annual concert and donations from supporters.

During the years we have helped players who are on long-term sick leave or with a contribution towards private medical treatment. More recently there has been a sharp increase in the assistance we give players for private medical treatment, including major operations on joints. This is normally required as a result of repair to a repetitive strain injury incurred whilst playing. This is also a reflection on the lengthening waiting lists for NHS treatment. If there is a delay in treatment, members are unable to work, sometimes for many months which can cause hardship for their families.

We have recently marked our 60th year as a benevolent fund but in current financial times it is becoming increasingly difficult to match our aspirations with a reduced income. But we are boosting our fundraising efforts to ensure that we can be here for the next 60 years!

As well as leaving assets and possessions to loved ones, some people choose to leave a legacy donation to help the seriously ill children at Great Ormond Street Hospital (GOSH).

Gifts in Wills help to fund pioneering research, advanced medical equipment, child and family support services, and the rebuilding and refurbishment of wards and facilities. Today's legacies will help the children who will need us in the future.

GOSH has always depended on charitable support ever since the first generous legacy gift in 1855, and today more than ever the hospital relies on the generosity of the public.

Redwings believes that every horse, pony, donkey and mule has the right to a happy and healthy life, free of fear and neglect.

The 100% publicly funded charity rescues neglected and abandoned horses from all over the country, giving them a safe place to live for the rest of their days, and is currently home to over 1,500 – making Redwings the UK's largest horse sanctuary.

As well as providing a place of sanctuary to rescued horses, Redwings has five visitor centres in England and Scotland that

enable supporters to see how their kind donations really can make a difference to horses and donkeys in need.

Redwings' Aylsham Visitor Centre in North Norfolk was funded by the gifts people had left in their Wills and has been vital in enabling the charity to continue to provide homes for the increasing number of abandoned horses in desperate need of love and care.

Gifts in Wills make up the largest proportion of Redwings' income and the charity simply wouldn't be able to exist without them. Remembering Redwings Horse Sanctuary in your Will is a wonderful way to support the charity's work and leave a lasting legacy that will help them to help horses and donkeys for generations to come. Whether your gift is large or small, every donation makes a real difference to the future of Redwings' residents.

#### Social services and welfare

Britain is in a housing crisis. Times are tough, rents are rising, and many families are struggling to keep a roof over their heads, let alone get on the property ladder. For others, redundancy or illness can make people fall behind on the rent or mortgage. And every day, millions of people wake up in housing that's run down, overcrowded or dangerous.

At Shelter, we hear from people suffering from health problems and mental health issues, such as depression and stress, and families whose children are missing out on their education or are being bullied – all as a result of bad housing or homelessness.

That's why we provide free, confidential advice and support via our website, helplines, and face to face local services. We help people to find and keep a home in a place where they can thrive, and we tackle the root causes of bad housing by campaigning for new laws, policies and solutions.

#### Shelter believes everyone should have a home

To continue this work, we rely heavily on the gifts that supporters leave us in their wills. That's why remembering Shelter in your will is one of the most important ways that you can help.

For your guide to including Shelter in your will, please call Katie Small directly on 0344 515 1746 or email legacies@shelter.org.uk. Visit www.shelter.org.uk/legacy for more information.
