

Charities Appeals Supplement

The Charities Appeals Supplement continues to help develop fundraising revenue streams for charities through legacies, corporate support and donation.

This section is written by charities detailing their appeals. It is easy to use with a categorised index below and an A–Z index at the end.

If your client is considering leaving a legacy to charity, please encourage them to browse through the appeals when making that important decision. Please mention the Charities Appeals Supplement when contacting a charity.

The team at the Charities Appeals Supplement would like to thank you for your continuing support; especially those who have left legacies to our featured charities over the last year.

The Breast Cancer Research Trust

President – Dame Vera Lynn DBE, LLD, Mmus

The treatment and management of breast cancer has been revolutionised in the last 41 years since I became President of the Breast Cancer Research Trust. The death rate has fallen by 30% in the UK and many patients now experience a personal cure. This in the main has been due to unremitting and time consuming research not only into new drugs and ways of diagnosing, assessing and treating patients but into the basic causes of breast cancer itself.

It gives me great pleasure to state that to date, we have raised over five million pounds, which has enabled us to support forty major research centres throughout the United Kingdom. The Breast Cancer Research Trust is a charity dedicated to funding clinically based laboratory project research, undertaken in recognised cancer centres or research institutions in the UK, directly aimed at improving the prevention, early diagnosis and treatment of breast cancer. 100% of all donations go towards this vital research as the Trust is run on a purely voluntary basis.

By helping us, you are giving aid and hope to all women who develop this particular cancer.

Please help us to continue serving the theatrical profession by making a donation or leaving a gift to the Actors' Benevolent Fund in your will.

In 1882, the great actor manager Sir Henry Irving founded the **Actors' Benevolent Fund** with a promise to help actors and actresses experiencing hardship due to accident, illness or old age.

Sir Henry's legacy lives on today, and the Fund remains committed to his promise by offering confidential advice and support to those most in need. This vital work is made possible through the kindness of our supporters.

For further information, including details of inheritance tax relief, please call us or visit our website.

Shelter

The legacy of Amersham.

Will you remember the survivors?

In 2008, Redwings gave a home to over 60 survivors of the horrors of Spindle Farm, one of our largest rescues. Ten years later, 58 are still living at the Sanctuary – just like little donkey Esther.

A gift in your Will can help us care for survivors like these for decades to come.

Please remember Redwings

Call 01508 481030 or email

If you believe in reincarnation there are some animals you wouldn't want to be

Imagine a life of imprisonment in a cramped cage and being the subject of constant experimentation; a lifetime of suffering followed by a painful death. That's the cruel and futile fate suffered by millions of laboratory animals in the name of research.

The National Anti-Vivisection Society (NAVS) is the world's premier and leading group, working for an end to the suffering of animals in laboratories.

Working within the law, we lobby Parliament, produce scientific reports, educational materials and videos; conduct undercover investigations and expose law breaking. We fund non-animal scientific and medical research.

Please help us to help laboratory animals by making a bequest today to the National Anti-Vivisection Society, Millbank Tower, Millbank, London SW1P 4QP

For a free guide to making a will to help laboratory animals call us today on 020 7630 3340 or visit www.navs.org.uk

If you knew animals were being abused, could you rest in peace?

Sadly, throughout their lives, the last thing many animals experience is peace. Pepe the spider monkey, for example, was chained by his neck and imprisoned in a circus. They snapped off his canine teeth and kept him in isolation.

He was one of the lucky ones because he was rescued by Animal Defenders International (ADI). He can now live in peace with his own kind. ADI is a major international force in animal protection.

Please help us to help other animals like Pepe to live in peace by making a bequest today to Animal Defenders International.

For a free guide to making a will to help stop animals being abused call us today on 020 7630 3340 or visit www.ad-international.org

Helping others with High Blood Pressure

Have you thought of Blood Pressure UK in your Will?

Finding out that you have high blood pressure is traumatic, particularly if you are young. Most people don't know anything about the condition and worry about how it will affect themselves and those around them.

But Blood Pressure UK is here to help, and with our information

packs, range of leaflets and our helpline, we provide reassurance and support to sufferers and their families. But all of this work is expensive and while membership subscriptions and general donations help enormously, leaving a gift in your Will can help us make a bigger difference.

It isn't complicated as you think, doesn't have to be a large amount and will give you the reassurance that our work helping fellow sufferers will continue once you have gone.

Obviously, providing for your family and friends comes first, but once that is done please consider a gift to Blood Pressure UK in your Will.

We have put together a simple leaflet to guide you through the process and you can get a copy by telephoning: (020) 7882 6255, visiting the website: www.bloodpressureuk.org, or by writing to: Blood Pressure UK, Wolfson Institute, Charterhouse Square, London, EC1M 6BQ.

Founder Margaret Todd's work with animals began at a very early age when she looked after a German Shepherd called Trixie. When Trixie went back to her owner, she decided she wanted to be Margaret's best friend and escaped so many times, her owner decided to give her up. After this Margaret took many homeless animals into her parents home, nursing them back to health before finding new homes for them. In the 1970's Margaret, together with husband Ron, son Alex and daughter Tina, opened a sanctuary in Kent and became a registered charity in 1981. Since then the sanctuary's work has increased enormously, taking in all kinds of domestic and wild animals. In 1993 Margaret was awarded the MBE for her contribution to animal welfare and in 1994, a veterinary clinic for people on low income was opened, a cause very dear to Margaret's heart. Without these clinics many animals would simply go untreated. We receive no government funding and without your legacies and donations our work could not continue. Please support our work helping animals in need.

Leaving a Legacy

InDependent Diabetes Trust

Do You **Have Diabetes?**
Do You **Know Someone with Diabetes?**

As a small charity with a big mission
– *we need your help...*

We offer free support and information to people with diabetes, their families and health care professionals on the issues that are important to them.

Our Helpline offers a friendly, understanding ear when the going gets tough. Your help will enable us to continue to support people with diabetes and provide much needed aid to children in developing countries.

We rely entirely on voluntary donations. So if you are thinking about making a donation to charity, please consider helping us to continue to help people with diabetes. Please make donations to "Diabetes Trust Research and Care Fund."

Don't leave it to chance... leave it to **LAST CHANCE**

As animals can't speak for themselves it falls to me to ask you to consider leaving a legacy to Last Chance Animal Rescue. Any money that we may receive will be spent entirely on the running and improvement at the Centre, which is dedicated to the rescuing, rehabilitation and re-homing of dogs and cats etc.

Many of the number we receive have found their way to our door through circumstances such as their beloved owner passing away, may that door always be open. Many are elderly, in their twilight years, and would just love to find a caring retirement home, something we have great success and pleasure in finding for them, and we continue to care for them, young and old, long after they are settled in their new loving homes, by offering all kinds of support, including financial if needed, for their continued welfare and well being.

As you can imagine, this level of commitment doesn't come cheaply, which is why I am appealing to you to remember Last Chance if possible, when you make your will. They do say... where there's a Will there's a way!

LAST CHANCE ANIMAL RESCUE

Last year we helped over 80,000 wild birds and animals like Rudolph

Please help me get better

Specialising in hedgehogs, our caring teams save lives every single day of the year. Our aim is simple. To treat all injured British birds and animals, then return them to the wild. Like Rudolph, who was orphaned at Christmas time, just five days old. The road accident which killed his mother left him with three badly broken legs. Our specialist care saved this poor little deer from suffering and he is now facing a brighter future. But it is only with your support we can help casualties like Rudolph, so please remember Tiggywinkles in your Will.

Our late friend **Dame Thora Hird** was an ardent supporter of our work. She actively encouraged others to help us secure funding for our lifesaving work to continue. Your legacy will ensure help is always at hand for all British wildlife; in Dame Thora's own words, "All the little wild creatures and I thank you so very much".

Over 200 years of caring for the needs of artists and their dependants

The ABF are proud to have served the artists' community for over 200 years and now we have launched a new grant scheme to support working artists at key moments in their careers.

The ABF believes that many talented artists face great difficulties in sustaining and developing their careers. Our grant scheme is designed to support artists who can demonstrate how an award

can assist them in consolidating and continuing their career as a professional artist.

The scheme will make it possible for artists to seize creative opportunities and develop their work for the future.

Please help us to continue to our work with the existing beneficiaries and to make funds available to other artists in times of need.

Medical research and welfare

Blood Pressure UK is the UK's leading charity dedicated to lowering the nation's blood pressure to prevent disability and death from stroke and heart disease. Since October 2000 we have been making a real difference to the 16 million people affected by high blood pressure in the UK. We work to ensure that high blood pressure is at the top of everyone's health agenda: within the Government, among health professionals, in the media and for every adult in the UK. Our vision is that everyone will know their blood pressure numbers, in the same way that they know their height or weight, and take steps to keep them healthy both now and in the future. High blood pressure can be treated and prevented.

Blood Pressure UK relies on donations and legacies. Your invaluable support will help to ensure they continue its important work and make a vital difference to the lives of those at risk from the effects of high blood.

A Charity Registered with the Charity Commission for England and Wales No 264818

Animals and birds

ABOUT OUR WORK:

The Donkey Sanctuary is a registered charity and the largest of its kind in the world. We provide specialist care and refuge to donkeys in the UK, Ireland and Europe. We also work all across the world in Egypt, Ethiopia, India, Kenya and Mexico to improve donkey welfare through community education and veterinary work.

We aim to protect donkeys and mules and promote their welfare worldwide through the provision of expert advice, training and education. Welfare officers in the UK and Ireland provide advice and practical support to donkey owners and follow up reports of neglect or maltreatment. The Sanctuary's veterinary team shares their knowledge with practitioners around the world.

Remember the donkeys in your Will and we'll remember you by inscribing your name on one of our permanent bequest boards in The Donkey Sanctuary's grounds. To find out about our memorial schemes and how your bequest would help donkeys around the world, please contact the Legacy Department.

Thank you.

T: 01983 522 511
Registered charity no: 1000249

Animals and birds / Education

Your wish to help animals will be assured by including a gift in your will to "Friends of the Animals". The primary objective of the Charity is to help animals NOW, we do not 'sit on funds'. Concentrating on 'preventative' work such as spays, neuters, inoculations, boosters and free engraved discs; we never

Please mention *New Law Journal* when responding to advertisers

destroy a healthy animal and keep admin costs to a minimum.

We have:-

- ▶ Opened four branches.
- ▶ Re-homed 8,900+ animals.
- ▶ Built stables for donkeys and ex-pit ponies.
- ▶ Distributed over 1,608,000 items of pet food.
- ▶ Supplied almost 20,000 engraved, identity discs FOC.
- ▶ Given numerous educational talks on animal welfare.
- ▶ Wormed and inoculated thousands of animals – many for the first time in their lives!
- ▶ Stepped in to ensure food, safety and new homes for 97 Urban Farm animals, when their owner went out of business.
- ▶ Spayed/neutered 35,900 animals – which has prevented thousands of unwanted animals from being born into a largely uncaring world.

Currently funding 440 rescued farm animals.

The majority of animals that come into our care arrive in a poor state. Our reward is seeing those same animals go to their new home a few weeks later: well fed, groomed, wormed, inoculated and neutered.

VETERINARY TREATMENT is – and always has been – BY FAR OUR BIGGEST OUTGOING. You have many choices of Charities to support but no one appreciates it more – or tries harder than we do – to get the very best possible from every penny donated. Your help today will ensure a happier tomorrow for countless animals. I send my grateful thanks.

E: enquiries@iddtinternational.org
W: www.iddtinternational.org
Registered charity no: 1058284

Medical research and welfare

The Trust was set up in 1994 by people with diabetes for people with diabetes. We offer support and understanding to those with diabetes and their families. We provide a free telephone listening service and information leaflets to enable people with diabetes to have an informed choice of treatment and to help with the day to day difficulties of living with diabetes.

Around three quarters of a million people in the UK have insulin requiring diabetes and the incidence of diabetes in children is increasing. It is essential that we support research to help this very vulnerable group faced with a lifetime of diabetes. Your support will enable us to further develop our programme to help children and provide information for teachers about the needs of children with diabetes.

Diabetes can cause blindness, kidney failure, nerve damage and heart attack that severely affect the lives of all those living with diabetes. A cure for diabetes is still illusive so the Trust supports research that will help to improve the daily lives of people living with diabetes now. The studies we support involve people with diabetes under normal treatment conditions to ensure that it reflects 'real life' conditions. We also collate information from the experiences of people with diabetes to help to inform others.

We collect unused, in-date insulin to send to clinics in developing countries where people die for lack of affordable insulin.

Please help us to continue our work, making cheques payable to 'Diabetes Trust Research and Care Fund'.

Medical research and welfare

Kidney Wales supporting families, changing lives and leading the way in the fight against kidney disease.

Kidney Wales invests in renal research, patient care and well-being, and actively works with and on behalf of kidney patients and their families across Wales.

With your support Kidney Wales has:

- ▶ Refurbished and modernised the Children's Kidney Centre at the University Hospital of Wales
- ▶ Provided vital life saving equipment to Renal Units in Wales
- ▶ Supported Key Posts in Dialysis Centres and the Children's Kidney Centre
- ▶ Established a New Renal Research Fund
- ▶ Provided Dialysis Centres and Transplant Units with multimedia installations
- ▶ Launched a patient information, support and learning website peoplelikeuscymru.org

Please think of us in your legacy and help us make tomorrow a better and brighter day for the many families that need your support.

Animals and birds

Don't leave it to chance . . . leave it to LAST CHANCE

As animals can't speak for themselves it falls to me to ask you to consider leaving a legacy to Last Chance Animal Rescue.

Any money that we may receive will be spent entirely on the running and improvement of the Centre which is dedicated to the rescuing, rehabilitating and rehoming of dogs and cats etc.

Many of the number we receive have found their way to our door through circumstances such as their beloved owner passing away. May that door always be open.

Many are elderly, in their twilight years, and would just love to find a caring retirement home: something we have great success and pleasure in finding for them, and we continue to care for them, young and old, long after they are settled in their new loving homes by offering all kinds of support, including financial if needed, for their continued welfare and well being. As you can imagine this level of commitment doesn't come cheaply, which is why I am appealing to you to remember Last Chance if possible, when you make your Will.

If you would like us to take care of your pets in your absence please remember to include instructions to this effect and if possible inform us of your wishes.

I hope you will consider us a worthy charity. It would be wonderful to think that with your help, Last Chance could always be there to pick up the pieces in times of need. They do say where there's a Will there's a way!

Lord Whisky Sanctuary Fund

Park House
Stelling Minnis

F: 01303 863007
E: lord.whisky@btinternet.com

Animals and birds

The Lord Whisky Sanctuary Fund is a lifeline for animals of all kinds.

We provide sanctuary to animals who become homeless or who have been injured or abused and vital veterinary care to those on low incomes. We also provide cattery/kennel facilities for your pets whilst you are away from home.

Lord Whisky was named after a Jack Russell who came to live at the Sanctuary when he was four years old, having had six previous homes. He lived with the founder, Margaret Todd, and her family until he had to be put down at the age of 22. Because of his personality it was decided to name the charity after him.

Since then there have been hundreds of 'Lord Whisky's' plus cats, rabbits, horses and donkeys, many of whom go on to loving homes. Others who, like Lord Whisky, have special needs remain at the Sanctuary for the rest of their lives, enjoying the lovely Kent countryside. The charity receives no government funding and relies entirely on donations and legacies to continue its contribution to helping animals and owners.

The aims are adhered to without exception and the interest of each individual animal is our primary concern. Expediency is never a consideration and each animal is welcome to stay in our care for as long as it takes for that special home to come. We make no apology for looking for the right homes for each animal and not animals for people. This does, of course, work to the advantage of the new owner

No animal accepted is ever destroyed.

Redwings Horse Sanctuary

Hapton
Norwich
Norfolk
NR15 1SP
T: 01508 481000
F: 0870 4581947
E: legacies@redwings.co.uk
W: www.redwings.org.uk
Registered charity no: 1068911

Animals and birds

Redwings believes that every horse, pony, donkey and mule has the right to a happy and healthy life, free of fear and neglect.

The 100% publicly funded charity rescues neglected and abandoned horses from all over the country, giving them a safe place to live for the rest of their days, and is currently home to over 1,500 – making Redwings the UK's largest horse sanctuary.

As well as providing a place of sanctuary to rescued horses, Redwings has five visitor centres in England and Scotland that enable supporters to see how their kind donations really can make a difference to horses and donkeys in need.

Redwings' Aylsham Visitor Centre in North Norfolk was funded by the gifts people had left in their Wills and has been vital in enabling the charity to continue to provide homes for the increasing number of abandoned horses in desperate need of love and care.

Gifts in Wills make up the largest proportion of Redwings' income and the charity simply wouldn't be able to exist without them. Remembering Redwings Horse Sanctuary in your Will is a wonderful way to support the charity's work and leave a lasting legacy that will help them to help horses and donkeys for generations to come. Whether your gift is large or small, every donation makes a real difference to the future of Redwings' residents.

National Anti-Vivisection Society

Millbank Tower
Millbank

T: 020 7630 3340
F: 020 7828 2179
E: info@navs.org.uk
W: www.navs.org.uk

Animals and birds / Medical research and welfare

The National Anti-Vivisection Society (NAVS) is the world's longest established group working to end the suffering of animals in laboratories. Every year millions of animals suffer and die in cruel and futile experiments and the NAVS actively campaigns for animal experiments to be replaced with sophisticated, non-animal methods.

Working within the law, we lobby government, produce scientific reports, educational materials and videos for parliament and the public; we conduct undercover investigations and expose lawbreaking; we fund nonanimal scientific and medical research. The NAVS advocates the total prohibition of all animal experiments and, pending the achievement of this aim, we would support measures which provide steps towards the abolition of vivisection.

We can do more but as a non-profit organisation we can only do so with your help. Please consider remembering the NAVS in your Will. Thank you.

Registered charity no: 312828

Religious / Education

The Royal School of Church Music (RSCM) is an ecumenical Christian charity committed to promoting the study, practice and improvement of music in Christian worship.

We support clergy, musicians and lay people to achieve a deeper understanding of how music can enhance worship, and we provide education and training for all who contribute to music in worship to serve their churches and worshipping communities well. As a leading publisher of church music, the RSCM is able to sustain, develop and make available the broad repertoire that makes up church music today. Further, the RSCM supports a world-wide membership of churches, schools and individuals, and is itself sustained by thousands of donors and volunteers worldwide.

Any one of us can make a lasting and significant contribution to the Royal School of Church Music. Our legacy donors come from all walks of life but are united by a desire to make a difference to church music far beyond their own lifetimes. The bequests that they make, big or small, support the churches, musicians, and congregations that they leave behind.

Animals and birds

Create a future that is kinder to animals with a Gift in your Will
Back in 1824, we vowed never to tolerate cruelty to or abuse of any animal. And thanks to public donations, we're continuing to keep that promise. However, without gifts in Wills, we wouldn't be able to. They fund more than 50 percent of the work we do to rescue, rehabilitate and rehome animals – so they're hugely important.

Remembering the RSPCA in your Will means you'd be leaving behind a wonderful legacy. You'd be helping to make sure we're always there for animals.

So if you're thinking which charity you'd like to leave a Gift in your Will to, please consider the RSPCA – and let's create a future that is kinder to animals. Thank you.

For your free Gifts in Wills guide, please call: 0300 123 0239 or visit: rspca.org.uk/giftsinwills

Shelter

Social services and welfare

Britain is in a housing crisis. Times are tough, rents are rising, and many families are struggling to keep a roof over their heads, let alone get on the property ladder. For others, redundancy or illness can make people fall behind on the rent or mortgage. And every day, millions of people wake up in housing that's run down, overcrowded or dangerous.

At Shelter, we hear from people suffering from health problems and mental health issues, such as depression and stress, and families whose children are missing out on their education or are being bullied – all as a result of bad housing or homelessness.

That's why we provide free, confidential advice and support via our website, helplines, and face to face local services. We help people to find and keep a home in a place where they can thrive, and we tackle the root causes of bad housing by campaigning for new laws, policies and solutions.

Shelter believes everyone should have a home

To continue this work, we rely heavily on the gifts that supporters leave us in their wills. That's why remembering Shelter in your will is one of the most important ways that you can help.

For your guide to including Shelter in your will, please call Lucy Limb directly on 0344 515 2062 or email lucy_limb@shelter.org.uk.

E: kaywebbsll@btinternet.com

W: www.swanlifeline.org.uk

Charitable Incorporated Organisation 1156995

Animals and birds

Entirely funded by donations, legacies form a significant part of our income which enables us to rescue and treat sick and injured swans. If necessary after rescue, swans are admitted to the purpose built Headquarters in Eton, Berkshire.

Specialist veterinary treatment is given as required with follow up care provided by trained staff. The majority of the work is carried out by volunteers under supervision of the centre co-ordinator.

Swans are released back to the wild as soon as possible after recovery, with a small number of permanently disabled birds being released to sheltered private lakes. Registered as a Charity for over 32 years, many thousands of swans have been rescued and treated.

Registered charity no: 286447

Animals and birds / Conservation / Education

Specialising in hedgehogs, Tiggywinkles, The Wildlife Hospital Trust, has been working for over 35 years rescuing, treating and rehabilitating sick, injured and orphaned British wildlife. We have proved beyond doubt that most wild animal and bird casualties can be saved and released back to the wild.

The wealth of expertise and knowledge in the care of a wide range of species, much of it previously unrecorded, can now be passed on to others. Our commitment to practical education plays a vital part in the future conservation of wildlife and as an accredited centre opportunities are now available for 16+ years' to gain a City and Guilds qualification in animal care.

Les Stocker, Founder of Tiggywinkles, sadly passed away in 2016. Throughout his life he was awarded the title of 'Laureate' in the International 1990 Rolex Awards for Enterprise for his work in wildlife conservation and establishing Europe's first Wildlife Teaching Hospital. This was the first environmental Laureate to be awarded to a project based in Britain. He was also awarded an MBE by her Majesty The Queen and, more recently, the prestigious Honorary Associateship of the Royal College of Veterinary Surgeons. Les will be truly missed by all in the world of British wildlife care, though his legacy and passion lives on through the amazing Tiggywinkles team, who continue to care for over 10,000 wild patients each year.

Dependency on public compassion underpins the work of a committed team of veterinary staff and volunteers dedicated to providing the best care and medical expertise for their patients. We need your help to expand our work enabling us to save more of Britain's deer, badgers, hedgehogs, owls; in fact all British wild creatures. For this work to grow and thrive it is your legacy that will help forge

To advertise in the Charities Appeals Supplement, please contact:

advertisingsales@lexisnexis.co.uk

a secure path for wild animals and birds for many years to come. Please think about ensuring their security.

We are happy to commemorate all who generously remember the Wildlife Hospital Trust in their wills by inscribing their name on a plaque in our Remembrance Garden. Your gifts are also welcome in the form of a donation or by becoming a friend of Tiggywinkles.

PLEASE, HELP US HELP THEM.

Woodland Trust

Kempton Way

 W: www.legacies.org.uk

Registered charity no: England & Wales 294344; Scotland SC038885

Conservation / Cultural and environmental

Since 1972, the Woodland Trust has been saving threatened ancient woods and creating new areas of native woodland

throughout the UK. We care for over 1,000 woods and have planted millions of native trees – more than any other UK conservation organisation.

With tree disease, climate change and development threats, protecting the future of our precious woodland is more urgent than ever.

Gifts kindly left in wills provide more than a quarter of our total funding and have enabled us to:

- ▶ plant hundreds of thousands of trees for the future
- ▶ protect hundreds of acres of precious ancient woodland
- ▶ inspire new generations to enjoy and nurture woods and wildlife

Choosing to remember the Woodland Trust in this special way will leave a lasting living legacy. Your gift could help save our richest habitat, supporting vulnerable wildlife and fighting global climate change. It could enable future generations to create their own magical childhood memories, to relax and connect with nature.

After you have taken care of family and friends, please consider remembering the Woodland Trust in your will – and help ensure that the woods and trees you care about survive.

Find out more at legacies.org.uk or call 0330 333 3300.
