

# Charities Appeals Supplement

The Charities Appeals Supplement continues to help develop fundraising revenue streams for charities through legacies, corporate support and donation.

This section is written by charities detailing their appeals. It is easy to use with a categorised index below and an A–Z index at the end.

If your client is considering leaving a legacy to charity, please encourage them to browse through the appeals when making that important decision. Please mention the Charities Appeals Supplement when contacting a charity.

The team at the Charities Appeals Supplement would like to thank you for your continuing support; especially those who have left legacies to our featured charities over the last year.

people’s  
 trust for  
 endangered  
 species

Our wildlife is disappearing. Almost two thirds of species in the UK have declined in the past 50 years. Red squirrels, dormice and hedgehogs are all in serious trouble. There’s nothing natural or inevitable about their plight. We work tirelessly to bring the wild back to life. By remembering us in your will, you will ensure their future.

Thank you.

## The Breast Cancer Research Trust

President –  
 Dame Vera Lynn DBE, LLD, Mmus

The treatment and management of breast cancer has been revolutionised in the last 40 years since I became President of the Breast Cancer Research Trust. The death rate has fallen by 30% in the UK and many patients now experience a personal cure. This in the main has been due to unremitting and time consuming research not only into new drugs and ways of diagnosing, assessing and treating patients but into the basic causes of breast cancer itself.

It gives me great pleasure to state that to date, we have raised over five million pounds, which has enabled us to support forty major research centres throughout the United Kingdom. The Breast Cancer Research Trust is a charity dedicated to funding clinically based laboratory project research, undertaken in recognised cancer centres or research institutions in the UK, directly aimed at improving the prevention, early diagnosis and treatment of breast cancer. 100% of all donations go towards this vital research as the Trust is run on a purely voluntary basis.

By helping us, you are giving aid and hope to all women who develop this particular cancer.

# Loving is easy, caring costs

It costs over £12,000 a day to care for all the animals at our centres.

The Trust is totally reliant on the generosity of the public and depends on donations and legacy gifts to support its work.

## YOU CAN MAKE A REAL DIFFERENCE AND SECURE THE FUTURE FOR OUR RESEARCH.

Over 45,000 men are told that they have prostate cancer every year, and each year over 11,000 men die of the disease, just in the UK. Every year the number of men dying of prostate cancer increases.

### We need new and more effective treatment.

The Prostate Cancer Research Centre is developing new treatments to improve survival. By leaving a legacy you can ensure that the research will continue to develop more effective therapy for the next generation of men with prostate cancer.

## Don't leave it to chance... leave it to **LAST CHANCE**

As animals can't speak for themselves it falls to me to ask you to consider leaving a legacy to Last Chance Animal Rescue. Any money that we may receive will be spent entirely on the running and improvement at the Centre, which is dedicated to the rescuing, rehabilitation and re-homing of dogs and cats etc.

Many of the number we receive have found their way to our door through circumstances such as their beloved owner passing away, may that door always be open. Many are elderly, in their twilight years, and would just love to find a caring retirement home, something we have great success and pleasure in finding for them, and we continue to care for them, young and old, long after they are settled in their new loving homes, by offering all kinds of support, including financial if needed, for their continued welfare and well being.

As you can imagine, this level of commitment doesn't come cheaply, which is why I am appealing to you to remember Last Chance if possible, when you make your will. They do say... where there's a Will there's a way!

## ***If you knew animals were being abused, could you rest in peace?***

Sadly, throughout their lives, the last thing many animals experience is peace. Pepe the spider monkey, for example, was chained by his neck and imprisoned in a circus. They snapped off his canine teeth and kept him in isolation.

He was one of the lucky ones because he was rescued by Animal Defenders International (ADI). He can now live in peace with his own kind. ADI is a major international force in animal protection.

**Please help us to help other animals like Pepe to live in peace by making a bequest today to Animal Defenders International.**

## Helping others with High Blood Pressure

### Have you thought of Blood Pressure UK in your Will?

Finding out that you have high blood pressure is traumatic, particularly if you are young. Most people don't know anything about the condition and worry about how it will affect themselves and those around them.

But Blood Pressure UK is here to help, and with our information

packs, range of leaflets and our helpline, we provide reassurance and support to sufferers and their families. But all of this work is expensive and while membership subscriptions and general donations help enormously, leaving a gift in your Will can help us make a bigger difference.

It isn't complicated as you think, doesn't have to be a large amount and will give you the reassurance that our work helping fellow sufferers will continue once you have gone.

Obviously, providing for your family and friends comes first, but once that is done please consider a gift to Blood Pressure UK in your Will.

We have put together a simple leaflet to guide you through the process and you can get a copy by telephoning: (020) 7882 6255, visiting the website: [www.bloodpressureuk.org](http://www.bloodpressureuk.org), or by writing to: Blood Pressure UK, Wolfson Institute, Charterhouse Square, London, EC1M 6BQ.

## Last year we helped over 80,000 wild birds and animals like Rudolph

*Please help me get better*

Specialising in hedgehogs, our caring teams save lives every single day of the year. Our aim is simple. To treat all injured British birds and animals, then return them to the wild. Like Rudolph, who was orphaned at Christmas time, just five days old. The road accident which killed his mother left him with three badly broken legs. Our specialist care saved this poor little deer from suffering and he is now facing a brighter future. But it is only with your support we can help casualties like Rudolph, so please remember Tiggywinkles in your Will.

Our late friend **Dame Thora Hird** was an ardent supporter of our work. She actively encouraged others to help us secure funding for our lifesaving work to continue. Your legacy will ensure help is always at hand for all British wildlife; in Dame Thora's own words, *"All the little wild creatures and I thank you so very much"*.

**THE BENEVOLENT FUND FOR NURSES IN SCOTLAND**

*THE FUND WHICH WAS STARTED IN 1925 IS STILL NEEDED TODAY*

The Fund for Nurses was established to give assistance to members of the profession who have trained or worked in professional posts in Scotland.

Financial grants are given to:

- Individuals of any age who are experiencing financial difficulties due to their inability to continue working.
- Retired members of the profession who receive little or no pension.

Sadly more and more nurses are finding it necessary to seek our help and through your generosity, we are able to offer additional support in the form of single grants to those less fortunate members of our profession.

The Fund is administered by a Committee of Trustees, most of whom are members of the nursing profession.

Missing People founders Mary and Janet have left a legacy which has provided a lifeline to thousands in the UK.

**Join them and be a lifeline for a lifetime.**

Twenty three years ago, our Founders Mary and Janet saw first-hand the real need for specialist support for families of missing people; and since then we have become experts in the field. Missing People is the only charity of its kind in the UK.

You can help make a real and long-lasting difference to the lives of missing people and those left behind by making a special pledge to Missing People.

For those who go missing, we offer a lifeline by phone, text or email 24/7 to help them find safety. For their families there is a pain that won't end until their loved one is found. We never give up on either of them.

Legacy gifts ensure that we will be able to provide this kind of support for years to come. Gifts both large and small make all the difference to the work of Missing People and will help us continue our Founders' work; and be a lifeline when someone disappears, long into the future.

**If you believe in reincarnation there are some animals you wouldn't want to be**

Imagine a life of imprisonment in a cramped cage and being the subject of constant experimentation; a lifetime of suffering followed by a painful death. That's the cruel and futile fate suffered by millions of laboratory animals in the name of research.

The National Anti-Vivisection Society (NAVS) is the world's premier and leading group, working for an end to the suffering of animals in laboratories.

Working within the law, we lobby Parliament, produce scientific reports, educational materials and videos; conduct undercover investigations and expose law breaking. We fund non-animal scientific and medical research.

Animal Defenders International is a major international force in animal protection, working on such issues as the use of animals in entertainment, the worldwide traffic in endangered species and alternatives to the use of animals in research. Recent campaign successes include the introduction of a ban on the use of all animals in circuses in Bolivia and of wild animals in Peru and Colombia.

Animal Defenders International also rescue animals in distress and, following the ban in Peru, worked with the authorities to seize and relocate over 100 animals in the biggest operation of its kind.

#### Over 200 years of caring for the needs of artists and their dependants

The ABF are proud to have served the artists' community for over 200 years and now we have launched a new grant scheme to support working artists at key moments in their careers.

The ABF believes that many talented artists face great difficulties in sustaining and developing their careers. Our grant scheme is designed to support artists who can demonstrate how an award can assist them in consolidating and continuing their career as a professional artist.

The scheme will make it possible for artists to seize creative opportunities and develop their work for the future.

Please help us to continue to our work with the existing beneficiaries and to make funds available to other artists in times of need.

Blood Pressure UK is the UK's leading charity dedicated to lowering the nation's blood pressure to prevent disability and death from stroke and heart disease. Since October 2000 we have been making a real difference to the 16 million people affected by high blood pressure in the UK. We work to ensure that high blood pressure is at the top of everyone's health agenda: within the Government, among health professionals, in the media and for every adult in the UK. Our vision is that everyone will know their blood pressure numbers, in the same way that they know their height or weight, and take steps to keep them healthy both now and in the future. High blood pressure can be treated and prevented.

Blood Pressure UK relies on donations and legacies. Your invaluable support will help to ensure they continue its important work and make a vital difference to the lives of those at risk from the effects of high blood.

### Blind / Old people's welfare / People with disabilities

Many elderly people with sight loss live alone, often on a very limited income – leaving them feeling isolated.

British Wireless for the Blind Fund aims to ease this feeling by providing specially adapted radios to blind and partially sighted people.

We have been providing these lifelines to people with sight loss since 1928.

Radios offer a constant and vital link to the outside world and allow blind and partially sighted people to keep in touch with what's going on.

We rely on the generosity of our supporters, who help us to keep providing this vital service to those who need us.

A big part of our funding is through legacies – which allow us to ensure we can continue to help those who need us most.

We would be so grateful if you would consider leaving us a gift in your will.

### Animals and birds

As the UK's largest dog welfare charity, Dogs Trust cares for over 15,000 stray and abandoned dogs a year through its network of 20 rehoming centres. We believe that every dog deserves a loving home and work to match the right dog with the right owner. We never put down a healthy dog and are working towards a day when all dogs can enjoy a happy life, free from the threat of unnecessary destruction.

Dogs Trust relies on donations and legacies in order to continue its vital work. Every gift is gratefully received and helps care for so many dogs in need.

#### ABOUT OUR WORK:

Leaving a legacy or bequest to The Donkey Sanctuary can help thousands of working donkeys all around the world. The charity relies entirely on donations to support major projects in Egypt, Ethiopia, India, Kenya and Mexico and many other countries through its small grants programme.

It works to improve donkey welfare through veterinary assistance and extends education and advice to donkey-owning communities. Through sustainable partnerships The Donkey Sanctuary's experts promote training in donkey first aid, harness making and general care and welfare.

If you remember The Donkey Sanctuary in your will The Donkey Sanctuary will remember you by inscribing your name on a permanent memorial board in the Sanctuary's grounds.

If you would like a copy of the charity's Will Guide, please contact the Legacy Department on 01395 578222.

#### ABOUT OUR WORK:

The Donkey Sanctuary is a registered charity and the largest of its kind in the world. We provide specialist care and refuge to donkeys in the UK, Ireland and Europe. We also work all across the world in Egypt, Ethiopia, India, Kenya and Mexico to improve donkey welfare through community education and veterinary work.

We aim to protect donkeys and mules and promote their welfare worldwide through the provision of expert advice, training and education. Wel-

fare officers in the UK and Ireland provide advice and practical support to donkey owners and follow up reports of neglect or maltreatment. The Sanctuary's veterinary team shares their knowledge with practitioners around the world.

Remember the donkeys in your Will and we'll remember you by inscribing your name on one of our permanent bequest boards in The Donkey Sanctuary's grounds. To find out about our memorial schemes and how your bequest would help donkeys around the world, please contact the Legacy Department. Thank you.

Registered charity no: 1000249

### Animals and birds / Education

Your wish to help animals will be assured by including a gift in your will to "Friends of the Animals". The primary objective of the Charity is to help animals NOW, we do not 'sit on funds'. Concentrating on 'preventative' work such as spays, neuters, inoculations, boosters and free engraved discs; we never destroy a healthy animal and keep admin costs to a minimum. We have:-

- ▶ Opened four branches.
- ▶ Re-homed 8,800 animals.
- ▶ Built stables for donkeys and ex-pit ponies.
- ▶ Distributed over one and a half million items of pet food.
- ▶ Supplied 18,000 engraved, identity discs FOC.
- ▶ Given numerous educational talks on animal welfare.
- ▶ Wormed and inoculated thousands of animals – many for the first time in their lives!
- ▶ Stepped in to ensure food, safety and new homes for 97 Urban Farm animals, when their owner went out of business.
- ▶ Spayed/neutered 34,000 animals – which has prevented thousands of unwanted animals from being born into a largely uncaring world.

Currently funding 460 rescued farm animals.

The majority of animals that come into our care arrive in a poor state. Our reward is seeing those same animals go to their new home a few weeks later: well fed, groomed, wormed, inoculated and neutered.

VETERINARY TREATMENT is – and always has been – BY FAR OUR BIGGEST OUTGOING. You have many choices of Charities to support but no one appreciates it more – or tries harder than we do – to get the very best possible from every penny donated. Your help today will ensure a happier tomorrow for countless animals. I send my grateful thanks.

### Medical research and welfare

The Trust was set up in 1994 by people with diabetes for people with diabetes. We offer support and understanding to those with diabetes and their families. We provide a free telephone listening service and information leaflets to enable people with diabetes to have an informed choice of treatment and to help with the day to day difficulties of living with diabetes.

Around three quarters of a million people in the UK have insulin requiring diabetes and the incidence of diabetes in children is increasing. It is essential that we support research to help this very vulnerable group faced with a lifetime of diabetes. Your support will enable us to further

develop our programme to help children and provide information for teachers about the needs of children with diabetes.

Diabetes can cause blindness, kidney failure, nerve damage and heart attack that severely affect the lives of all those living with diabetes. A cure for diabetes is still illusive so the Trust supports research that will help to improve the daily lives of people living with diabetes now. The studies we support involve people with diabetes under normal treatment conditions to ensure that it reflects 'real life' conditions. We also collate information from the experiences of people with diabetes to help to inform others.

We collect unused, in-date insulin to send to clinics in developing countries where people die for lack of affordable insulin.

Please help us to continue our work, making cheques payable to 'Diabetes Trust Research and Care Fund'.

*Don't leave it to chance . . . leave it to LAST CHANCE*

As animals can't speak for themselves it falls to me to ask you to consider leaving a legacy to Last Chance Animal Rescue.

Any money that we may receive will be spent entirely on the running and improvement of the Centre which is dedicated to the rescuing, rehabilitating and rehoming of dogs and cats etc.

Many of the number we receive have found their way to our door through circumstances such as their beloved owner passing away. May that door always be open.

Many are elderly, in their twilight years, and would just love to find a caring retirement home: something we have great success and pleasure in finding for them, and we continue to care for them, young and old, long after they are settled in their new loving homes by offering all kinds of support, including financial if needed, for their continued welfare and well being. As you can imagine this level of commitment doesn't come cheaply, which is why I am appealing to you to remember Last Chance if possible, when you make your Will.

If you would like us to take care of your pets in your absence please remember to include instructions to this effect and if possible inform us of your wishes.

I hope you will consider us a worthy charity. It would be wonderful to think that with your help, Last Chance could always be there to pick up the pieces in times of need. They do say where there's a Will there's a way!

### Medical research and welfare

Midlands Air Ambulance Charity serves the largest air ambulance region in the UK. This includes the communities of Gloucestershire, Herefordshire, Shropshire, Staffordshire, West Midlands and Worcestershire; representing a population in excess of 6 million.

Since flying its first mission in 1991, the charity has now responded to more than 47,000 incidents, averaging 2,000 missions each year. If a patient reaches hospital within 60 minutes of injury (known as the Golden Hour), their chances of survival are dramatically increased. All areas of the region are accessible in 19 minutes and 90% of the region is accessible within eight minutes.

Each year it costs in excess of £9 million to maintain the three aircraft and the provision of a lifesaving service. Each air ambulance mission costs an average of £2,500. The charity receives no regular funding from the Government or National Lottery so relies entirely on the support and generosity of local people and businesses.

### Social services and welfare

Twenty three years ago, our Founders Mary and Janet saw firsthand the real need for specialist support for families of missing people; and since then we have become experts in the field. Missing People is the only charity of its kind in the UK. Every year, 250,000 people go missing in the UK. Of these, more than 130,000 are children and young people. You can help make a real and long-lasting difference to the lives of missing people and those left behind by making a special pledge to Missing People. For those who go missing, we offer a lifeline by phone, text or email 24/7 to help them find safety. For their families there is a pain that won't end until their loved one is found. We never give up on either of them. Legacy gifts ensure that we will be able to provide this kind of support for years to come. For a free copy of the charity's Will Booklet, please contact the

### Animals and birds

The National Animal Welfare Trust (NAWT) is a rescue and rehoming charity operating across the south of England. We are home to a surprisingly wide variety of animals across our five centres, primarily cats and dogs, but also farm animals and small domestic pets too. We provide food, warmth and veterinary treatment to those animals in need of care, prior to finding them their forever home - however long it takes. Every animal remains in our hearts long after a new home is found and we continue to provide advice and guidance to support pet and owner in their new lives together.

A Pet Care Card is also a free service that the charity offers, guaranteeing peace of mind, knowing that the pet's future will be a safe and happy one after the owner has gone. If it is the wish that the pet be looked after by NAWT then suggested wording can be provided for use in any Will.

NAWT never stops caring and is totally reliant on the generosity of the public for donations and legacy gifts to support its valuable work. Thank you.

### Animals and birds / Medical research and welfare

The National Anti-Vivisection Society (NAVS) is the world's longest established group working to end the suffering of animals in laboratories. Every year millions of animals suffer and die in cruel and futile experiments and the NAVS actively campaigns for animal experiments to be replaced with sophisticated, non-animal methods.

Working within the law, we lobby government, produce scientific reports, educational materials and videos for parliament and the public; we conduct undercover investigations and expose lawbreaking; we fund nonanimal scientific and medical research. The NAVS advocates the total prohibition of all animal experiments and, pending the achievement of this aim, we would support measures which provide steps towards the abolition of vivisection.

We can do more but as a non-profit organisation we can only do so with your help. Please consider remembering the NAVS in your Will. Thank you.

difficult as pancreatic cancer has the highest mortality rate of the 21 most common cancers.

Of the 8,800 people diagnosed in the UK this year, 95% of them will be dead in five years' time. Survival rates have remained virtually unchanged in 40 years.

Pancreatic cancer is tough.

- ▶ Tough to diagnose
- ▶ Tough to treat
- ▶ Tough to survive
- ▶ And it will be tough to change that. But we're ready.

We're taking on pancreatic cancer together. For too long this disease has been side-lined. We want to make sure this changes.

By supporting Pancreatic Cancer UK you are helping us to:

- ▶ run the UK's only pancreatic cancer-dedicated Support Line giving thousands of patients and their families direct access to expert nurses;
- ▶ campaign to increase awareness of the disease
- ▶ commission innovative and vital research to find better, more effective treatments

Leaving Pancreatic Cancer UK a legacy gift is an easy way to donate to the charity to leave a legacy of hope for those with pancreatic cancer.

Our wildlife is disappearing. In the UK almost two thirds of species have declined in the past 50 years, and a startling one in ten faces extinction. There's nothing natural or inevitable about this. It can be stopped. And everyone can play a part. That's why People's Trust for Endangered Species exists.

We've been standing up for wildlife for almost 40 years. With the help of scientists, conservationists, landowners, government, and the general public, we're working to protect our delicately balanced ecosystem by bringing our most threatened species back from the brink.

Legacy gifts are used to act wherever the need is greatest and when speed is of the essence. Over a third of our income in 2015 came from people like you who left a lasting legacy to continue protecting the wildlife that has brought them so much joy in their lifetime.

Prostate cancer is the most frequently diagnosed cancer in men. In the UK, over 45,000 new cases are diagnosed every year and over 11,000 men die of the disease.

The treatment for life-threatening prostate cancer, hormone therapy, was developed in the 1940s. Because hormone therapy is still the most

effective treatment, survival has not improved significantly for over 70 years. That is why the Prostate Cancer Research Centre is dedicated to developing more effective therapy to improve the survival of men with advanced prostate cancer.

Please consider making a bequest to the Prostate Cancer Research Centre. Your legacy will help towards a cure for the next generation of men suffering with prostate cancer.

Redwings believes that every horse, pony, donkey and mule has the right to a happy and healthy life, free of fear and neglect.

The 100% publicly funded charity rescues neglected and abandoned horses from all over the country, giving them a safe place to live for the rest of their days, and is currently home to over 1,500 – making Redwings the UK's largest horse sanctuary.

As well as providing a place of sanctuary to rescued horses, Redwings has five visitor centres in England and Scotland that enable supporters to see how their kind donations really can make a difference to horses and donkeys in need.

Redwings' Aylsham Visitor Centre in North Norfolk was funded by the gifts people had left in their Wills and has been vital in enabling the charity to continue to provide homes for the increasing number of abandoned horses in desperate need of love and care.

Gifts in Wills make up the largest proportion of Redwings' income and the charity simply wouldn't be able to exist without them. Remembering Redwings Horse Sanctuary in your Will is a wonderful way to support the charity's work and leave a lasting legacy that will help them to help horses and donkeys for generations to come. Whether your gift is large or small, every donation makes a real difference to the future of Redwings' residents.

The Royal School of Church Music (RSCM) is an ecumenical Christian charity committed to promoting the study, practice and improvement of music in Christian worship. We support clergy, musicians and lay people to achieve a deeper understanding of how music can enhance worship, and we provide education and training for all who contribute to music in worship to serve their churches and worshipping communities well. As a leading publisher of church music, the RSCM is able to sustain, develop and make available the broad repertoire that makes up church music today. Further, the RSCM supports a world-wide membership of churches, schools and individuals, and is itself sustained by thousands of donors and volunteers worldwide.

Any one of us can make a lasting and significant contribution to the Royal School of Church Music. Our legacy donors come from all walks of

life but are united by a desire to make a difference to church music far beyond their own lifetimes. The bequests that they make, big or small, support the churches, musicians, and congregations that they leave behind.

### Social services and welfare

Britain is in a housing crisis. Times are tough, rents are rising, and many families are struggling to keep a roof over their heads, let alone get on the property ladder. For others, redundancy or illness can make people fall behind on the rent or mortgage. And every day, millions of people wake up in housing that's run down, overcrowded or dangerous.

At Shelter, we hear from people suffering from health problems and mental health issues, such as depression and stress, and families whose children are missing out on their education or are being bullied – all as a result of bad housing or homelessness.

That's why we provide free, confidential advice and support via our website, helplines, and face to face local services. We help people to find and keep a home in a place where they can thrive, and we tackle the root causes of bad housing by campaigning for new laws, policies and solutions.

### Shelter believes everyone should have a home

To continue this work, we rely heavily on the gifts that supporters leave us in their wills. That's why remembering Shelter in your will is one of the most important ways that you can help.

### Animals and birds / Conservation / Education

Specialising in hedgehogs, Tiggywinkles, The Wildlife Hospital Trust, has been working for over 35 years rescuing, treating and rehabilitating sick, injured and orphaned British wildlife. We have proved beyond doubt that most wild animal and bird casualties can be saved and released back to the wild.

The wealth of expertise and knowledge in the care of a wide range of species, much of it previously unrecorded, can now be passed on to others. Our commitment to practical education plays a vital part in the future conservation of wildlife and as an accredited centre opportunities are now available for 16+ years' to gain a City and Guilds qualification in animal care.

Les Stocker, Founder of Tiggywinkles, was awarded the title of 'Laureate' in the International 1990 Rolex Awards for Enterprise for his work in wildlife conservation and establishing Europe's first Wildlife Teaching Hospital. This was the first environmental Laureate to be awarded to a project based in Britain. He was also awarded an MBE by her Majesty The Queen and, more recently, the prestigious Honorary Associateship of the Royal College of Veterinary Surgeons.

Dependency on public compassion underpins the work of a committed team of veterinary staff and volunteers dedicated to providing the best care and medical expertise for their patients. We need your help to expand our work enabling us to save more of Britain's deer, badgers, hedgehogs, owls; in fact all British wild creatures. For this work to grow and thrive it is your legacy that will help forge a secure path for wild animals and birds for many years to come. Please think about ensuring their security.

We are happy to commemorate all who generously remember the Wildlife Hospital Trust in their wills by inscribing their name on a plaque in our Remembrance Garden. Your gifts are also welcome in the form of a donation or by becoming a friend of Tiggywinkles.
